OIL CONSERVATION DIVISION**

**APPLICATION OF CHISHOLM ENERGY OPERATING, LLC  
FOR COMPULSORY POOLING,  
EDDY COUNTY, NEW MEXICO.**

CASE NO. 20182

**APPLICATION**

Chisholm Energy Operating, LLC ("Chisholm") (OGRID No. 327137), through its undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of N.M. Stat. Ann. § 70-2-17, for an order pooling all uncommitted interests in the Bone Spring formation in the 640-acre horizontal spacing unit comprised of the E/2 of Section 21 and the E/2 of Section 28, Township 23 South, Range 26 East, NMPM, Eddy County, New Mexico. In support of its application, Chisholm states:

1. Chisholm Energy Operating, LLC is a working interest owner in the proposed horizontal spacing unit and has the right to drill thereon.
2. Chisholm seeks to dedicate the above-referenced horizontal spacing unit, including the adjacent proximity tracts, to its proposed **Cletus 28-21 Fed Com 3BS No. 3H Well**, which will be horizontally drilled from a surface location in the SE/4SE/4 (Unit P) of Section 28 to bottom hole location in the NW/4NE/4 (Unit B) of Section 21.
3. Pursuant to NMAC 19.15.16.15(B)(1)(b), Chisholm will incorporate the E/2E/2 of Section 21 and the E/2E/2 of Section 28 into its standard horizontal spacing unit. Incorporating the proximity tracts, the completed interval for the **Cletus 28-21 Fed Com 3BS No. 3H Well** will comply with the Statewide setback requirements for oil wells.

4. Chisholm has sought and been unable to obtain voluntary agreement for the development of these lands from all of the working interest owners in the subject spacing unit.

5. The pooling of interests will avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

6. In order to permit Chisholm to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in this horizontal spacing unit should be pooled and Chisholm Energy Operating LLC should be designated the operator of this proposed horizontal well and spacing unit.

WHEREFORE, Chisholm requests that this application be set for hearing before an Examiner of the Oil Conservation Division on December 6, 2018, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling all uncommitted interests in the horizontal spacing unit;
- B. Approving an unorthodox location for the well;
- C. Designating Chisholm Energy Operating LLC operator of this spacing unit and the horizontal well to be drilled thereon;
- D. Authorizing Chisholm to recover its costs of drilling, equipping and completing the well;
- E. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- F. Imposing a 200% penalty for the risk assumed by Chisholm in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well.

Respectfully submitted,
