**RE: RED ROAD SWD NO. 1 AUTHORIZATION TO INJECT
UPDATED 1-MILE AOR and NOTICE PARTY DETERMINATION
NGL WATER SOLUTIONS PERMIAN, LLC**

Dear Mr. Goetze:

As you are aware, the proposed Red Road SWD No. 1 well location has been relocated within Unit P, Section 26-T23S-R31E to accommodate the operations of an offset oil and gas operator. The new location is shown in the attached C-102 and has been verified by the BLM.

The 1-Mile AOR evaluated for offset wellbores penetrating the injection formation and to determine notice parties as part of the C-108 Application has been updated for the new location. The revised maps and list are attached. Relocation of the proposed wellbore did not result in any material changes in the AOR.

One offset wellbore (API No. 30-015-20242) penetrating the proposed injection interval remains within 1-mile of the proposed Red Road SWD No. 1. A schematic is attached showing that the injection interval has been isolated with cement.

Any questions should be directed towards NGL Water Solutions Permian, LLC's agent Lonquist & Co., LLC.

Regards,

Christopher B. Weyand
