Updated list, still some work to do, but please check again and let me know of changes.
Mike, Not sure about the OXY cases whether we can work them in.

Subject: Estimated Cases for Examiner Hearing Jan 10, 2019

Good Evening,
See attached list of all cases on the docket and notes from the correspondence that was available to me.
Please review, make corrections or additions and notes as to your intentions and send back to me.

We've been instructed to hear the "continued cases" last, so will do that within reason.
My goal is to go for numbers, it appears now that there will not be time in two days for contested or longer cases.

Florene mentioned she prefers Special Dockets to be set at least one month out.
Please work with Gabe Wade and Florene and David Brooks on whether this docket may go longer than 2 days and on Special Dockets.
I am confident the Examiners can handle whatever is decided.

Obviously Monday morning will be taken with the Commission Docket.

There were some unfamiliar attorneys who have made appearances in some cases and I don't have email contacts with them.

If you are aware of whom this needs to be forwarded, please do so.

Happy New Year,
Will Jones
