Case No. 16115

APPLICATION OF CHISHOLM ENERGY OPERATING, LLC FOR A NON-STANDARD OIL SPACING AND PRORATION UNIT AND COMPULSORY POOLING, EDDY COUNTY, NEW MEXICO.

Case No. 16116

MOTION FOR CONTINUANCE

PREMIER OIL & GAS, INC., (“Premier”) by and through its undersigned attorney, moves the Commission for an allowing continuance of the above captioned cases for the January 17, 2019 docket to the Commissions February 14, 2019 docket, and in support thereof, states:

1. Premier’s preparation of the engineering and geological aspects of the case will not be finalized by its expert witness in time for the hearing.
2. The inability to finalize the preparation of its presentation has been due to the inability of Premier’s in-house engineer, Dan Jones (who testified and presented Premier’s technical case before the Division) to coordinate with the additional expert witness. Dan Jones’ inability has been due to his wife’s medical issues.
3. Counsel for Chisholm was contacted for concurrence, but opposes this Motion for Continuance.

Respectfully submitted,
