Jim:

After examining the well file for the G State Well No. 1 API 30-025-22811, and wells within the ½ Mile AOR, your application cannot be approved administratively.

The Gulf Sohio State Well No. 1, API 30-025-21194 is an active well which is producing from the pool within the ½ Mile AOR, that Jay Management is requesting the proposed SWD Well.

If the Applicant still wishes to proceed with the application it must go to Hearing.
