Re: 19.15.5.9 NMAC Compliance

Dear Operator:

The Oil Conservation Division (OCD) is conducting ongoing review of all operators' compliance status with Subsection A of 19.15.5.9 NMAC. According to OCD records, your company is not in compliance with Subsection A of 19.15.5.9 NMAC for the following reasons:

       Financial assurance. Your company is in violation of the financial assurance requirements for well plugging set out in 19.15.8.9 NMAC. Specifically, your company has not posted the required financial assurance required for state or fee wells which have been inactive for more than two years. The wells requiring single-well financial assurances are identified in the attached sheet.

       Corrective action. Order       , issued on                     , found your company to be in violation of an order requiring corrective action.

  X   Inactive wells. According to the attached inactive well list, your company has too many wells in violation of 19.15.25.8 NMAC (the inactive well rule) that are not subject to an inactive well agreed compliance order. As an operator of   19   wells, your company may have no more than   2   wells in violation of the inactive well rule. Your company has   6   wells in violation of the inactive well rule.

Non-compliance with 19.15.5.9 NMAC will prevent your company from acquiring any new wells, acquiring approval of exploration and development plans, receiving new allowables, and obtaining drilling, injection, and other OCD issued permits, and potentially expose your company to additional compliance actions including an OCD order requiring compliance, and revocation of injection permits. As the operator of a non 19.15.5.9 NMAC compliant company, you will not be permitted to register any additional companies to operate in New Mexico or have any interest exceeding 25 percent in any other companies in New Mexico.

June 22, 2017

Page 2

The OCD is requesting that you review the OCD's online database for your specific Oil and Gas Registration Identification (OGRID) number and notify the OCD how your company plans to return to compliance with 19.15.5.9 NMAC. This is an opportunity for your company to work with the OCD toward achieving its goal of maintaining compliance with the rules of the State of New Mexico. Please respond to the OCD within 30 days of receipt of this letter. If no response is received the OCD may begin formal compliance action.

Respectfully yours,

Daniel Sanchez,

AGAINST ROBINSON OIL, INC., FOR WELLS OPERATED IN LEA AND EDDY  
COUNTIES, NEW MEXICO.**

**CASE NO. 20198**

**AFFIDAVIT OF DANIEL SANCHEZ**

I, Daniel Sanchez, being first duly sworn on oath, states as follows:

1. I am employed as the Compliance and Enforcement Manager at the Oil Conservation Division ("OCD").

My duties include as the Compliance & Enforcement Manager

Manage the division's four district offices and Environmental Bureau.

Program Director for the EPA's Underground Injection Control program.

Coordinate field inspections between the BLM (Carlsbad, Roswell, and Hobbs District Offices and the OCD (Artesia and Hobbs District Offices).

Conduct quarterly meetings between the BLM and OCD to coordinate various enforcement actions on co-jurisdictional sites and issues.

Manage the use of the State Reclamation Fund for the purpose of plugging abandoned wells, remediation of well sites and the remediation of oil and gas related environmental contamination.

Testify in Hearing Examiner and Commission hearings in support of OCD staff positions on compliance and enforcement issues.

Conduct operator orientation for operators new to the state.

Negotiate Agreed Compliance Orders with operators out of compliance with OCD Rule 5.9.

Simplify and standardize the Oil Conservation Division's business procedures.

Eliminate outdated practices and address current regulatory issues.

Oversee the consistent interpretation and enforcement of division rules.

Ensure compliance with rules and permits on oil and gas facilities and operations.

Assure that inactive wells are tested and plugged in accordance with division rules.

Act as a backup for C-115, production reports, review and approvals.

Act as a backup for data entry of ACOI wells into the divisions Risk Based Data Management System.

2. The OCD's information on production and injection comes from monthly production reports filed by the well operators.

3. In 1993 the OCD began using the ONGARD (Oil and Natural Gas Administration and Revenue Database) to record oil and gas production and injection by well. Since 1993, production and injection data from the monthly production reports filed by operators has been entered into ONGARD.

4. When the OCD began using the ONGARD system in 1993, it converted existing production and injection data into ONGARD for those wells that were not shown as "plugged" according to the OCD records available at that time. The pre-1993 production and injection information for each such well was totaled and appears in ONGARD under the last month of production or injection for that well.

5. Upon information and belief, Robinson Oil, Inc. ("Operator") is a Domestic profit corporation and is operating the wells ("subject wells") in Lea and Eddy Counties, New Mexico identified in *Exhibit 1, Inactive Well List*.

6. Upon information and belief, the New Mexico Secretary of State has Operator registered under entity number 1644624 and identifies Jason Robinson, President, and Cecelia Robinson, Treasurer, as officers of record.

7. Upon information and belief, the subject wells operated by Operator in New Mexico have been inactive for a continuous period exceeding one year plus 90 days, and are neither plugged and abandoned in accord with 19.15.25.9 to -11 NMAC nor on approved temporary abandonment status in accord with 19.15.25.12 NMAC.

8. Upon information and belief, the number of subject wells out of compliance with 19.15.25.8 NMAC (wells to be properly abandoned) exceeds the amount allowed by 19.15.5.9 NMAC. As an operator of 19 wells, Operator may not have more than 2 wells out of compliance with 19.15.25.8 NMAC

9. I personally sent operator a notice of violation at least 60 days prior to the commencement of this hearing. *Exhibit 3* is a copy of the correspondence.

10. Exhibits 1-4 presented in this case are true and accurate reproductions of OCD records and were prepared by me or under my direction.
