Re: The Contest Fed Com #132H Well Proposal

Ladies and Gentlemen:

Tap Rock Operating, LLC (TRO), as Operator, previously proposed to drill The Contest #202H, #207H, #212H, and #217H by letter dated 2/15/2019 (the "February Proposal"). TRO's plan with regard to the aforementioned wells has changed as follows.

TRO hereby rescinds the February Proposal and anticipates re-proposing those additional Wolfcamp wells contained in the February Proposal at a later date. TRO now plans to drill and complete The Contest Fed Com #132H (the "Well") as the initial well in the Wolfcamp Formation to satisfy lease obligations in a timely manner. Accordingly, TRO hereby proposes the Well, with an anticipated spud date of March 2020 and an approximate first production date of June 2020.

In connection with the above, please note the following:

- The proposed surface location of the Well is approximately 2090' FWL and 875' FSL of Section 9, Township 24 South, Range 34 East, Lea County, New Mexico. The proposed bottom hole location of the Well is 2310' FWL and 30' FNL of Section 9, Township 24 South, Range 34 East, Lea County, New Mexico.
- The Well will have a targeted interval within the Wolfcamp formation. TRO plans to drill the Well horizontally at approximately 12,005' Total Vertical Depth to a Total Measured Depth of approximately 17,415', with an approximate lateral length of 4,500'.
- Enclosed is an AFE dated April 4, 2019 that details the total cost to drill and complete the Well. The Well will require a Central Tank Battery. A separate facility AFE is provided for your review. For the purposes of this proposal, an election in the Well is considered an election to participate in the Well's proportionate share of the overall facility cost.

The proposed locations and drilling plans described above are subject to change depending on surface or subsurface issues that may be encountered. TRO will advise you of any such modifications.

TRO is proposing the Operation under the terms of the enclosed AAPL Form 610-1989 Operating Agreement (the "Operating Agreement"). The Operating Agreement covers All Depths for the W/2 of Section 9, Township 24 South, Range 34 East, Lea County, New

EXHIBIT 6
20600 & 20601

Mexico (the "Contract Area"). The working interest percentages shown in Exhibit "A" of the Operating Agreement are approximate and subject to change pending title verification.

In the event you elect to participate in the proposed Well, please execute a copy of this letter and the enclosed AFE and return to the undersigned within 30 days. If you do not wish to participate in the Well, TRO would like to offer the following terms for a Lease or Term Assignment, whichever is applicable:

- 3 year primary term
- Royalty or Overriding Royalty equal to the difference between existing burdens and 20%
- \$7,500 per net acre bonus consideration

The Lease or Term Assignment offer is subject to the approval of TRO's board and verification of title.

TRO is open to discuss trades or other deal structures related to your interest in the Well. If an agreement cannot be reached within 30 days of your receipt of this letter, TRO will apply to the New Mexico Oil Conservation Division for compulsory pooling of your interest into a spacing unit for the Well if uncommitted at such time to allow TRO to move forward with planning and drilling the Well.

Should you have any questions regarding the above, please contact the undersigned.

Sincerely,

TAP ROCK OPERATING, LLC

Erica Hixson

Re: The Contest Fed Com #131H Well Proposal

Ladies and Gentlemen:

Tap Rock Operating, LLC (TRO), as Operator, previously proposed to drill The Contest #201H, #205H, #211H, and #215H by letter dated 2/15/2019 (the "February Proposal"). TRO's plan with regard to the aforementioned wells has changed as follows.

TRO hereby rescinds the February Proposal and anticipates re-proposing those additional Wolfcamp wells contained in the February Proposal at a later date. TRO now plans to drill and complete The Contest Fed Com #131H (the "Well") as the initial well in the Wolfcamp Formation to satisfy lease obligations in a timely manner. Accordingly, TRO hereby proposes the Well, with an anticipated spud date of March 2020 and an approximate first production date of June 2020.

In connection with the above, please note the following:

- The proposed surface location of the Well is approximately 825' FSL and 930' FWL of Section 9, Township 24 South, Range 34 East, Lea County, New Mexico. The proposed bottom hole location of the Well is 330' FWL and 30' FNL of Section 9, Township 24 South, Range 34 East, Lea County, New Mexico.
- The Well will have a targeted interval within the Wolfcamp formation. TRO plans to drill the Well horizontally at approximately 11,880' Total Vertical Depth to a Total Measured Depth of approximately 17,290', with an approximate lateral length of 4,500'.
- Enclosed is an AFE dated April 4, 2019 that details the total cost to drill and complete the Well. The Well will require a Central Tank Battery. A separate facility AFE is provided for your review. For the purposes of this proposal, an election in the Well is considered an election to participate in the Well's proportionate share of the overall facility cost.

The proposed locations and drilling plans described above are subject to change depending on surface or subsurface issues that may be encountered. TRO will advise you of any such modifications.

TRO is proposing the Operation under the terms of the enclosed AAPL Form 610-1989 Operating Agreement (the "Operating Agreement"). The Operating Agreement covers All Depths for the W/2 of Section 9, Township 24 South, Range 34 East, Lea County, New

Mexico (the "Contract Area"). The working interest percentages shown in Exhibit "A" of the Operating Agreement are approximate and subject to change pending title verification.

In the event you elect to participate in the proposed Well, please execute a copy of this letter and the enclosed AFE and return to the undersigned within 30 days. If you do not wish to participate in the Well, TRO would like to offer the following terms for a Lease or Term Assignment, whichever is applicable:

- 3 year primary term
- Royalty or Overriding Royalty equal to the difference between existing burdens and 20%
- \$7,500 per net acre bonus consideration

The Lease or Term Assignment offer is subject to the approval of TRO's board and verification of title.

TRO is open to discuss trades or other deal structures related to your interest in the Well. If an agreement cannot be reached within 30 days of your receipt of this letter, TRO will apply to the New Mexico Oil Conservation Division for compulsory pooling of your interest into a spacing unit for the Well if uncommitted at such time to allow TRO to move forward with planning and drilling the Well.

Should you have any questions regarding the above, please contact the undersigned.

Sincerely,

TAP ROCK OPERATING, LLC

CERTIFIED MAIL – RETURN RECEIPT REQUESTED

To: Persons on Exhibit A

Ladies and gentlemen:

Enclosed are copies of two applications for compulsory pooling, filed with the New Mexico Oil Conservation Division by Tap Rock Resources, LLC, regarding Wolfcamp wells in (a) the W/2W/2 of Section 9 (Case No. 20600), and (a) the E/2W/2 of Section 9 (Case No. 20601), all in Township 24 South, Range 34 East, NMPM, ~~Eddy~~ ^{Lea} County, New Mexico.

These matters are scheduled for hearing at 8:15 a.m. on Thursday, July 11, 2019, in Porter Hall at the Division's offices at 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an interest owner that may be affected by these applications, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from contesting these matters at a later date.

A party appearing in a Division case is required by Division Rules to file a Pre-Hearing Statement no later than Wednesday, July 3, 2018. This statement must be filed with the Division's Santa Fe office at the above address, and should include: The names of the party and its attorney; a concise statement of the case; the names of the witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that need to be resolved prior to the hearing. The Pre-Hearing Statement must also be provided to the undersigned.

Very truly yours,

James Bruce
