**APPLICATION OF COG OPERATING
LLC FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO**

Case No. 20932

APPLICATION

Pursuant to NMSA § 70-2-17, COG Operating LLC ("COG") applies for an order pooling all uncommitted mineral interests in the Wolfcamp formation in a 160-acre, more or less, standard horizontal spacing unit comprised of the E/2 E/2 of Section 18, Township 24 South, Range 34 East in Lea County, New Mexico. In support of its Application, COG states the following.

1. COG (OGRID No. 229137) is a working interest owner in the E/2 E/2 of Section 18 and has the right to drill a well thereon.
2. The horizontal spacing unit will be dedicated to the Sebastian Federal Com #703H well, which will be horizontally drilled from a surface location in Unit B to a bottom hole location in Unit P in Section 18, Township 24 South, Range 34 East.
3. The completed interval for the well will be orthodox.
4. COG has undertaken diligent, good-faith efforts to obtain voluntary agreements from all mineral interest owners to participate in the drilling of the well but has been unable to obtain voluntary agreements from all of the mineral interest owners.
5. The pooling of all uncommitted mineral interests in the Wolfcamp formation underlying the E/2 E/2 of Section 18 will avoid the drilling of unnecessary wells, prevent waste, and protect correlative rights.

6. In order to allow COG to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted mineral interests in the horizontal spacing unit should be pooled.

WHEREFORE, COG requests that this application be set for hearing on December 12, 2019 and that, after notice and hearing, the Division enter an order:

A. Pooling all uncommitted mineral interests in the Wolfcamp formation underlying the E/2 E/2 of Section 18, Township 24 South, Range 34 East;

B. Designating COG as the operator of the Sebastian Federal Com #703H well;

C. Authorizing COG to recover its costs of drilling, equipping, and completing the Sebastian Federal Com #703H well and allocating the costs among the well's working interest owners;

D. Approving the actual operating charges and costs of supervision during drilling and after completion, together with a provision for adjusting the rates pursuant to the COPAS accounting procedure; and

E. Imposing a 200% penalty for the risk assumed by COG in drilling and completing the Sebastian Federal Com #703H well against any mineral interest owner who does not voluntarily participate in the drilling of the well.

OIL CONSERVATION DIVISION**

**APPLICATION OF COG OPERATING
LLC FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO**

Case No. 20932

**SELF-AFFIRMED STATEMENT OF
MATTHEW SOLOMON**

1. I am over 18 years of age and am competent to provide this Self-Affirmed Statement. I have personal knowledge of the matters addressed herein.

2. I am a landman for COG Operating, LLC ("COG"). I have previously testified before the New Mexico Oil Conservation Division, and my qualifications as an expert in petroleum land matters were accepted.

3. I have had direct involvement with COG's development of the 160-acre, more or less, standard horizontal spacing unit ("HSU") that is the subject of COG's application in this case.

4. The HSU is comprised of the E/2 E/2 of Section 18, Township 24 South, Range 34 East in Lea County, New Mexico.

5. COG seeks to pool all uncommitted interests in the Wolfcamp formation underlying the HSU. A chart of tract ownership and identification of the respective working interests is attached as Exhibit A. 99.56% of the working interests are committed to the proposed well.

6. The HSU will be dedicated to the Sebastian Federal Com #703H well, which will be horizontally drilled from a surface location in Unit B to a bottom hole location in Unit P in Section 18, Township 24 South, Range 34 East. The completed interval for the well will be orthodox. The C-102 for the well is attached as Exhibit B.

7. There are no depth exceptions in the Wolfcamp formation.

Case No. 20932

COT Operating, Inc.

Exhibit 1

8. I sent a well proposal letter to all locatable interests. A copy of my letter is attached as Exhibit C. The only locatable interest has committed to the proposed well.

9. In my opinion, COG has made a good faith effort to obtain the voluntary joinder of uncommitted interests in the proposed well.

10. Notice of COG's application and the Division hearing was provided to several parties who were identified as having unmarketable title. A sample of the notice letter and associated green cards are attached as Exhibit D.

11. Notice of COG's application and the Division hearing was also published. The affidavit of publication is attached as Exhibit E.

12. COG has the right to pool the interests of any overriding royalty owners in the HSU.

13. The AFEs for the proposed wells are attached hereto as Exhibit F. The estimated cost of the wells is fair and reasonable and is comparable to the cost of other wells of similar depth and length drilled in Lea County.

14. COG requests overhead and administrative rates of \$7,000 per month while the wells are being drilled and \$700 per month while the wells are producing. These rates are fair and are comparable to the rates charged by COG and by other operators in the vicinity. They are also the rates set forth in the Joint Operating Agreement for the HSU. COG further requests that the rates be adjusted periodically in accordance with the COPAS Accounting Procedure.

15. COG requests that it be designated the operator of the wells.

16. COG also requests that a 200% risk charge be assessed against the uncommitted interests if they are non-consenting working interest owners.

17. The exhibits attached hereto were either prepared by me or under my supervision, or were compiled from company business records.

18. In my opinion, the granting of COG's application would serve the interests of conservation and the prevention of waste.

19. I understand that this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony in paragraphs 1 through 18 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATION OF COG OPERATING
LLC FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO**

Case No. 20932

**SELF-AFFIRMED STATEMENT OF
CODY BACON**

1. I am over 18 years of age and am competent to provide this Self-Affirmed Statement. I have personal knowledge of the matters addressed herein.

2. I am a geologist at COG Operating, LLC ("COG"). I have previously testified before the New Mexico Oil Conservation Division, and my qualifications as an expert in geology matters were accepted. I am familiar with the geological matters that pertain to COG's application.

3. Attached as Exhibit A is a map that shows the proposed location of the Sebastian Federal Com #703H well relation to other Wolfcamp wells drilled in the vicinity. The preference is for stand-up wells (north to south or south to north), and the completed wells in the area (recent completions) apparently are commercial.

4. Attached as Exhibit B is a structure map of the Wolfcamp formation, which is the target zone for the proposed wells.

5. Attached as Exhibit C is a cross section map for the Sebastian Federal Com #703H well.

6. Attached as Exhibit D is a north to south cross section. The well logs on the cross section provide a representative sample of the Wolfcamp formation in the area. The target zone for the proposed well is continuous across the HSU.

Case No. 20932

COT Operating, Inc

Exhibit 2

7. Based on the information contained in Exhibits A, B, C, and D, I am able to conclude that:

- a) The HSU is justified from a geologic standpoint;
- b) There is no faulting or other geologic impediment that could adversely affect the drilling of the proposed well; and
- c) Each quarter-quarter section in the HSU will contribute more or less equally to production.

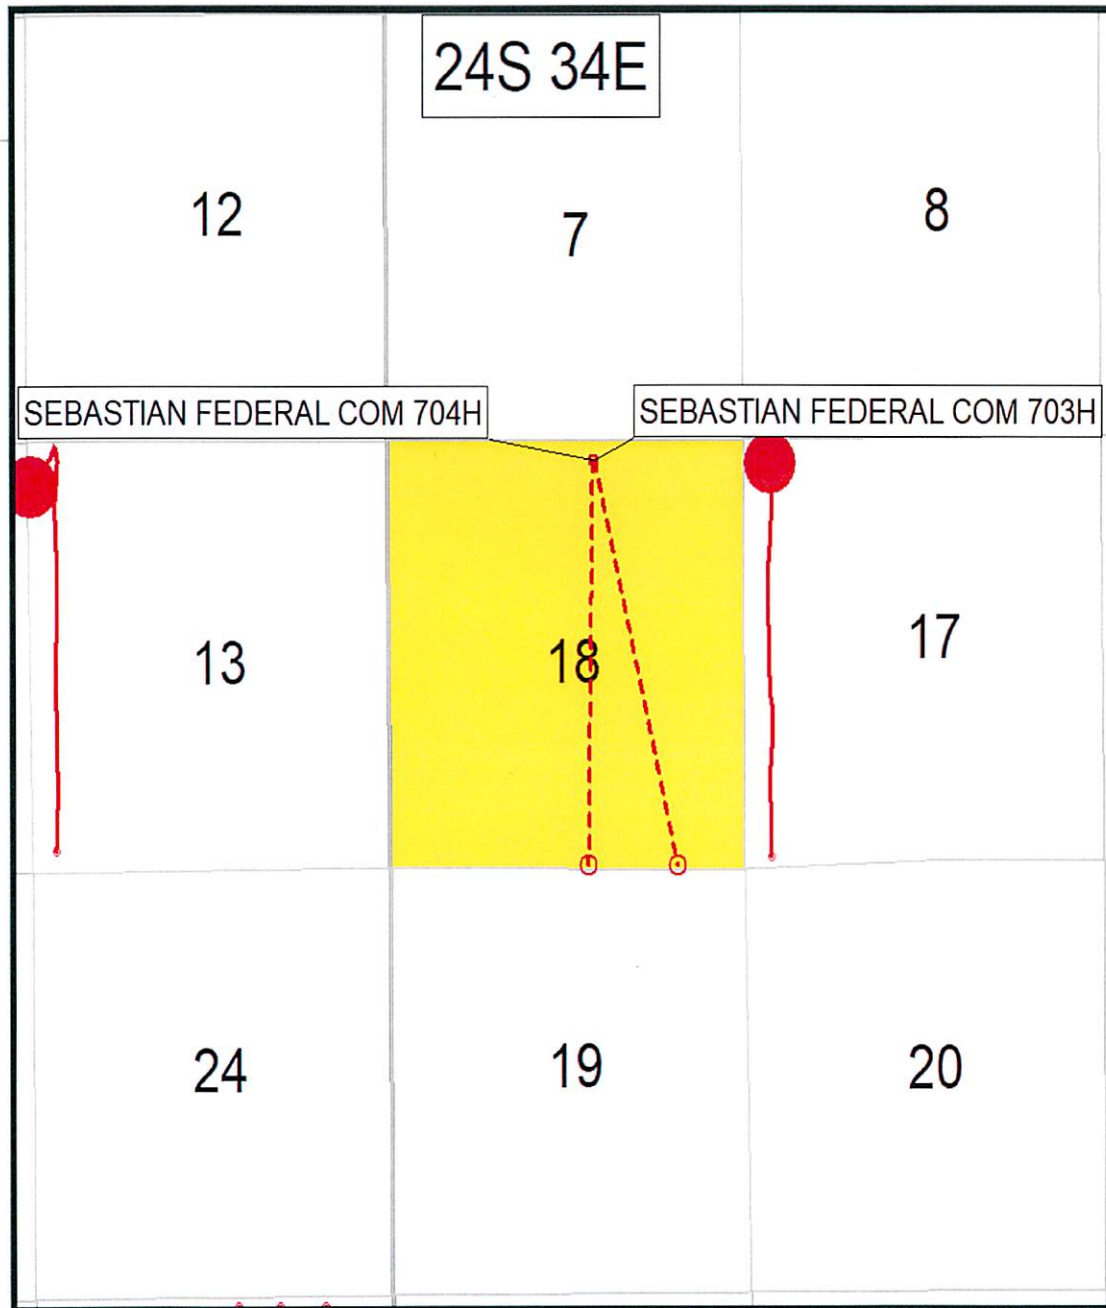

8. In my opinion, the granting of COG's application will serve the interests of conservation and the prevention of waste.

9. Exhibits A through D were either prepared by me or compiled from company records.

10. I understand that this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony in paragraphs 1 through 9 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.
