John,

I'm attaching a corrected version of Exhibit A for Case No. 20931. I corrected the pool code, which we obtained from Paul Kautz in the Hobbs OCD office.

The correct county is Lea.

The approximate depth is 12,025.

Please let me know if you have any other questions.

Thanks,  
Dana

Dana,

I have a few question in regards to the Exhibit A for case 20931.

- 1) Where did the pool code come from as I was unable to locate it in the original application or in the exhibits

- 2) In the Exhibit A the county show Eddy whereas the application and exhibits show Lea county which one is correct?
- 3) The approximate depth in Exhibit A is 12,025 feet and in the exhibits it is 12,365 feet, which one is correct?

If you could mend the Exhibit A and resend it to me I can continue to review it.

Thank you,

**John Garcia**
