John,

(1) The depths are correct; please let us know if we are required to submit a formal hearing exhibit reflecting the same.

(2) SEP is not requesting supervision costs in these cases because SEP is only pooling overriding royalty interest owners, which are not cost-bearing interests and are not required to pay overhead and administration costs.

Thanks,

Kaitlyn

Kaitlyn,

I am attempting to draft the Hearing Orders in the above captioned cases and have a couple questions.

- 1) If you could confirm the depths for each well in each case for me as I was unable to find any depths in the application or exhibits to reference.
- 2) Can you confirm that the monthly charges are correct for supervision for each case?

Thank you,

Adam,

I am attempting to draft the Hearing Orders in the above captioned cases and have a couple questions.

1. Have the parties reached an agreement between themselves, obviating the need for an orders?
2. If not, can you please provide a copy of Exhibit A for each case number, so the order can be drafted and sent up for signature?

Thank you,

John Garcia
