STATEMENT OF THE CASE

Applicant in the above-styled cause seeks an order pooling all uncommitted interest owners in the Wolfcamp formation underlying a standard 640-acre, more or less, horizontal spacing unit comprised of Lots 1-2, the S/2NW/4, and the SW/4 (W/2 equivalent) of irregular Section 4, Township 24 South, Range 32 East, and the W/2 of Section 33, Township 23 South, Range 32 East, Lea County, New Mexico. Applicant seeks to dedicate the above-referenced horizontal spacing unit to the following proposed wells:

- The **Mastiff Fed Com #706H**, the **Mastiff Fed Com #707H**, and the **Mastiff Fed Com #708H** wells to be drilled from surface hole locations in SE/4SW/4 (Unit N) of Section 4 to bottom hole locations in the SE/4SW/4 (Unit N) of Section 33.
- The **Mastiff Fed Com #709H** and the **Mastiff Fed Com #710H** wells to be drilled from surface hole locations in SW/4SW/4 (Unit M) of Section 4 to bottom hole locations in the SW/4SW/4 (Unit M) of Section 33.

The completed intervals for the proposed **Mastiff Fed Com #708H** well will be within 330' of the quarter-quarter line separating the W/2W/2 and the E/2W/2 of Section 4, Township 24 South, Range 32 East, and Section 33, Township 23 South, Range 32 East, to allow inclusion of this acreage into a standard 640-acre horizontal well spacing unit.

Also, to be considered will be the cost of drilling and completing the wells, the allocation of the cost thereof, the actual operating costs and charges for supervision, the designation of applicant as operator, and the imposition of 200% charge for risk involved in drilling and completing each well. Said area is located approximately 23 miles east of Loving, New Mexico.

PROPOSED EVIDENCE

WITNESS	ESTIMATED TIME	EXHIBITS
Adam Reker Petroleum Landman	20 Minutes	Approx. 5
John Bertalott Geologist	20 Minutes	Approx. 13

PROCEDURAL MATTERS

COG Operating LLC requests case numbers 20923, 20924, 20925 and 20926 be consolidated at hearing.

Respectfully submitted,

COG OPERATING LLC
