STATEMENT OF THE CASE

Chevron seeks an order pooling all uncommitted interests in the Wolfcamp formation (Purple Sage; Wolfcamp (Gas) Pool [98220]) underlying a standard 640-acre horizontal spacing unit comprised of the W/2 of Sections 25 and 36, Township 23 South, Range 28 East, NMPM, Eddy County, New Mexico. Chevron proposes to dedicate the above-referenced spacing unit to the following initial wells:

- (1) The **CB CAL 25 36 State Com 08 #401H Well** (API No. 30-015-46631) to be horizontally drilled from a surface hole location in the NW/4 NW/4 (Unit D) of Section 25 to a bottom hole location in the SW/4 SW/4 (Unit M) of Section 36; and
- (2) The **CB CAL 25 36 State Com 08 #402H Well** (API No. 30-015-46632), and (3) the **CB CAL 25 36 State Com 08 #403H Well** (API No. 30-015-46633), both are to be horizontally drilled from surface hole locations in the NW/4 NW/4 (Unit D) of Section 25 to bottom hole locations in the SE/4 SW/4 (Unit N) of Section 36.

Pursuant to the Special Rules for the Purple Sage; Wolfcamp (Gas) Pool (Pool Code 98220), the completed interval for each of these proposed initial wells will comply with the 330-foot setback requirement.

APPLICANT'S PROPOSED EVIDENCE

WITNESS Name and Expertise	ESTIMATED TIME	EXHIBITS
Kelly Rau, Landman	Affidavit	Approx. 5
Jeremiah Moody, Geologist	Affidavit	Approx. 4

PROCEDURAL MATTERS

Chevron intends to present this case by affidavits if uncontested at the time of hearing.

Respectfully submitted,
