1           HEARING EXAMINER ORTH: All right. We move then  
2 to 21056. This is San Mateo Stebbins, a compulsory pooling  
3 matter, relating to a well named Jim Pat Southwest. And Mr.  
4 Bruce, I think this was continued from our last session.

5           MR. BRUCE: That is correct. Examiner Goetze had  
6 a little problem with the wellbore design and --

7           HEARING EXAMINER ORTH: Something about isolating  
8 the Salado.

9           MR. BRUCE: Correct the Reef and Salado. Now,  
10 Mr. Goetze did keep his exhibit packet, as did Mr. Lowe, so  
11 Mr. Goetze, and substitute for Mr. Lowe attaching a new  
12 exhibit, which is Exhibit 7, which is the wellbore sketch.

13           Other than that the package contains the usual  
14 Exhibits, C-108, and geologist and engineer's commentary,  
15 notice was provided to all parties either by certified or by  
16 constructive notice, and Exhibit 7 is the revised wellbore  
17 diagram, which I hope passes muster.

18           HEARING EXAMINER ORTH: All right. Mr. Goetze,  
19 do you have a question?

20           EXAMINER GOETZE: Thank you very much. It cuts  
21 the muster, so. And yes, we do have two sections and will  
22 make sure the district sees the change.

23           MR. BRUCE: Okay.

24           EXAMINER GOETZE: Thank you.

25           HEARING EXAMINER ORTH: Ms. Murphy, any

1 questions?

2 EXAMINER MURPHY: I have no questions.

3 HEARING EXAMINER ORTH: All right. Thank you,  
4 Mr. Bruce we will accept the packet, and take the matter  
5 under advisement.
