------------------------------	----

1 HEARING EXAMINER ORTH: Let's move then to 21020.

2 This is Chevron USA, a compulsory pooling matter for a well  
3 named Solado Draw. Is there an appearance from Holland &  
4 Hart?

5 MR. RANKIN: Good morning, Madam Examiner.  
6 Appearing on behalf of the applicant in this case, Adam  
7 Rankin with the law firm of Holland & Hart.

8 HEARING EXAMINER ORTH: Are there any other  
9 appearances? Let me wait just a moment.

10 (No response.)

11 HEARING EXAMINER ORTH: Okay, thank you.  
12 Mr. Rankin, go ahead.

13 MR. RANKIN: (No response.)

14 HEARING EXAMINER ORTH: Mr. Rankin can you hear  
15 me?

16 MR. RANKIN: I can hear you. I apologize.  
17 Apparently my internet is not the strongest. Can you hear  
18 me okay?

19 HEARING EXAMINER ORTH: Now I can.

20 MR. RANKIN: Okay. Shall I proceed?

21 HEARING EXAMINER ORTH: Yes, please. Please go  
22 ahead.

23 MR. RANKIN: Filed on Tuesday was a copy of the  
24 affidavit of Katie Halley who is the landman for Chevron.  
25 Her affidavit -- she has not previously testified before the

1 Division, so included with her affidavit as Exhibit A is a  
2 copy of her resume reflecting that she is a graduate of the  
3 Texas Tech University in December 2006 and also of Texas  
4 Tech University School of Law in 2014. She has worked as a  
5 landman since 2015, and I ask at this time that she be  
6 accepted as an expert in petroleum land matters.

7 HEARING EXAMINER ORTH: All right. I will so  
8 accept her. Thank you.

9 MR. RANKIN: Madam Examiner, in Exhibit 32 is a  
10 copy of Ms. Halley's affidavit. In it she reviews efforts  
11 and steps she has taken to provide notice of this  
12 application and of this hearing.

13 Exhibit B to her affidavit is an overview locator  
14 map identifying the general location of Chevron's proposed  
15 pilot project injection wells within the project area,  
16 located in the Township 26 South, Range 33 East in Lea  
17 County.

18 Exhibit C attached to her affidavit is a zoomed  
19 in map showing the half mile area of review around each of  
20 the proposed project injection wells. In green is the oval  
21 depicting the area of review around the Salado 2H, and in  
22 red is the oval depicting the area of review around the  
23 Salado Draw 5-H well.

24 Also within the map, each of the separately-owned  
25 tracts is identified by number and is also color coded.

1           The following the pages in Exhibit C reflect the  
2   interest owners, affected parties who were entitled to  
3   notice. Parties entitled to notice are identified based on  
4   the determination of final and land interests in the county  
5   records, and also review of New Mexico oil and gas, OCD  
6   records and BLM records as operators.

7           She testifies she has undertaken a good faith  
8   effort to identify and locate the correct parties and valid  
9   addresses of all parties entitled to notice within the half  
10  mile area of review for each of the proposed injection  
11  wells, including interest owners in each case.

12           Exhibit 33 is a copy of the affidavit prepared by  
13  me and my office reflecting that we have sent notice to each  
14  of the parties identified to us by Chevron as entitled to  
15  notice, including the surface owner, in each case that's the  
16  BLM.

17           Next Exhibit 34 is a copy of the notice of  
18  publication -- affidavit of publication reflecting that we  
19  have published notice identifying each of the affected  
20  parties entitled to notice by name including the surface  
21  owner for each of the wells.

22           If there are no questions, Madam Examiner, at  
23  this time I would ask that Exhibits 32 through 34 be  
24  accepted into the record.

25           HEARING EXAMINER ORTH: Yes. Your exhibits are

1     accepted.   Let me ask Mr. Coss if he has any questions at  
2     this time.

3                   EXAMINER COSS:   No, I don't have any questions,  
4     but I thank Mr. Rankin for getting on this docket and  
5     completing as he mentioned here, the land person.   I wanted  
6     to let him know that we are working on the order, but that  
7     we probably will request that CBLs be ran of the well that  
8     hasn't had a CBL submitted.   So just a heads up for you and  
9     Chevron, we would like to start working on that.   It will be  
10    a hurdle that will be own overcome or injection --

11                   HEARING EXAMINER ORTH:   Okay.   Thank you, Mr.  
12    Coss.   Mr. Lowe, do you have any --

13                   EXAMINER LOWE:   I don't have any questions.  
14    Thank you.

15                   HEARING EXAMINER ORTH:   All right.   Thank you.  
16    Thank you very much Mr. Rankin.   Your packet is accepted and  
17    will be taken under advisement.
