STATE OF NEW MEXICO DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES OIL CONSERVATION DIVISION

APPLICATION OF MEWBOURNE OIL COMPANY FOR COMPULSORY POOLING, LEA COUNTY, NEW MEXICO

Case No. 21249

SELF-AFFIRMED STATEMENT OF MITCH ROBB

- 1. I am over 18 years of age and am competent to provide this Self-Affirmed Statement. I have personal knowledge of the matters addressed herein.
- 2. I am a landman for Mewbourne Oil Company ("Mewbourne"). I have had direct involvement with Mewbourne's development of the 240-acre, more or less, standard horizontal spacing unit ("HSU") that is the subject of Mewbourne's application in this case. A copy of the application is attached as Exhibit A-1.
- 3. I have previously testified before the Division, and my qualifications as an expert in petroleum land matters were accepted.

A. Proposed Horizontal Spacing Unit

- 4. The proposed HSU is comprised of the S/2 SE/4 of Section 6 and the S/2 S/2 of Section 5, Township 18 South, Range 32 East in Lea County, New Mexico. A Midland Map depicting the proposed HSU is attached as Exhibit A-2.
- 5. Mewbourne seeks to pool all uncommitted interests in the Bone Spring formation underlying the HSU.
- 6. The HSU will be dedicated to the Winterfell 5/6 B2PO Fed Com #1H well, which will be horizontally drilled from a surface location in Unit P in Section 5 to a bottom hole location in Unit O in Section 6.

Case No. 21249

MEWBOURNE OIL

Exhibit A

- 7. The first take point for the Winterfell 5/6 B2PO Fed Com #1H well is 500' FSL and 100' FEL in Section 5, and the last take point is 500' FSL and 2540' FEL in Section 6. The target interval is the Second Bone Spring Sand at 8,750' TVD and 16,429' TMD.
- 8. The proposed well will be completed from East to West, and the completed interval of the well will be orthodox.
- 9. The proposed well is located in the Young Bone Spring North Pool, Code 65350. The primary product in the pool is oil. With respect to well setback requirements, this pool is subject to the statewide horizontal well rules set out in NMAC 19.15.16.15. Spacing in this pool is based on quarter-quarter sections, and the HSU is constructed based on quarter-quarter sections.
 - 10. The C-102 for the proposed well is attached as Exhibit A-3.

B. Ownership Determination

- 11. A plat of the tracts included in the HSU and the associated ownership interests is attached as Exhibit A-4, and a recapitulation is attached as Exhibit A-5.
 - 12. A list of the tract ownership is attached as Exhibit A-6.
 - 13. A list of the pooled parties is included in Exhibit A-6.
 - 14. There is no depth severance in the Bone Spring formation in the proposed HSU.
 - 15. Mewbourne has the right to pool any overriding royalty owners in the HSU.

C. Joinder

16. I sent well proposal letters to the uncommitted interests on January 10, 2020. I subsequently had follow-up communications with them. My well proposal letter is attached as Exhibit A-7. A summary of my follow-up contacts with the uncommitted interests is attached as Exhibit A-8.

- 17. A list of interest owners (Exhibit A to Joint Operating Agreement) is attached as Exhibit A-9.
 - 18. 53.913578% of the working interests are committed to the proposed well.
- 19. In my opinion, Mewbourne has made a good faith effort to obtain the voluntary joinder of uncommitted interests in the proposed wells.

D. Notice of Hearing

- 20. Mewbourne's proposed notice of hearing is attached as Exhibit A-10.
- 21. At my direction, notice of Mewbourne's application and the Division hearing was provided to the uncommitted interests at least 20 days prior to the hearing date. The notice letter and associated receipts are attached as Exhibit A-11.
- 22. Notice of Mewbourne's application and the Division hearing was published at least ten business days prior to the hearing date. The affidavit of publication is attached as Exhibit A-12.
- 23. Mewbourne conducted a diligent, good-faith effort to identify the correct addresses of persons entitled to notice and has complied with the Division's notice requirements.

E. Drilling and Operating Costs

- 24. The AFEs for the proposed well are attached as Exhibit A-13. The estimated cost of the well is fair and reasonable and is comparable to the cost of other wells of similar depth and length drilled in Lea County.
- 25. Mewbourne requests overhead and administrative rates of \$8,000 per month while the well is being drilled and \$800 per month while the well is producing. These rates are fair and are comparable to the rates charged by Mewbourne and by other operators in the vicinity. They are also the rates set forth in the Joint Operating Agreement for the HSU. Mewbourne further

requests that the rates be adjusted periodically in accordance with the COPAS Accounting Procedure.

- 26. Mewbourne requests that it be designated the operator of the well.
- Mewbourne also requests that a 200% risk charge be assessed against the 27. uncommitted interests if they are non-consenting working interest owners.
- The attached exhibits attached were either prepared by me or under my supervision, 28. or were compiled from company business records.
- 29. In my opinion, the granting of Mewbourne's application would serve the interests of conservation, the prevention of waste, and the protection of correlative rights.
- 30. I understand that this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony in paragraphs 1 through 29 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.

Date

STATE OF NEW MEXICO DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES OIL CONSERVATION DIVISION

APPLICATION OF MEWBOURNE OIL COMPANY FOR COMPULSORY POOLING, LEA COUNTY, NEW MEXICO

Case No. 21249

APPLICATION

Pursuant to NMSA § 70-2-17, Mewbourne Oil Company ("Mewbourne") applies for an order pooling all uncommitted mineral interests in the Bone Spring formation in a 240-acre, more or less, standard horizontal spacing unit comprised of the S/2 SE/4 of Section 6 and the S/2 S/2 of Section 5, Township 18 South, Range 32 East in Lea County, New Mexico. In support of its application, Mewbourne states the following.

- 1. Mewbourne (OGRID No. 14744) is a working interest owner in the proposed horizontal spacing unit and has the right to drill a well thereon.
- 2. The horizontal spacing unit will be dedicated to the Winterfell 5/6 B2PO Fed Com #1H well, which will be horizontally drilled from a surface location in Unit P in Section 5 to a bottom hole location in Unit O in Section 6.
 - 3. The completed interval for the well will be orthodox.
- 4. Mewbourne has undertaken diligent, good-faith efforts to obtain voluntary agreements from all mineral interest owners to participate in the drilling of the well, but has been unable to obtain voluntary agreements from all of the mineral interest owners.
- 5. The pooling of all uncommitted mineral interests in the Bone Spring formation underlying the S/2 SE/4 of Section 6 and the S/2 S/2 of Section 5 will avoid the drilling of unnecessary wells, prevent waste, and protect correlative rights.

Case No. 21249

MEWBOURNE OIL

Exhibit A-1

6. In order to allow Mewbourne to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted mineral interests in the horizontal spacing unit should be pooled.

WHEREFORE, Mewbourne requests that this application be set for hearing on May 14, 2020 and that, after notice and hearing, the Division enter an order:

- A. Pooling all uncommitted mineral interests in the Bone Spring formation underlying the S/2 SE/4 of Section 6 and the S/2 S/2 of Section 5, Township 18 South, Range 32 East in Lea County;
- B. Designating Mewbourne as the operator of the Winterfell 5/6 B2PO Fed Com #1H well;
- C. Authorizing Mewbourne to recover its costs of drilling, equipping, and completing the Winterfell 5/6 B2PO Fed Com #1H well and allocating the costs among the well's working interest owners:
- D. Approving the actual operating charges and costs of supervision during drilling and after completion, together with a provision for adjusting the rates pursuant to the COPAS accounting procedure; and
- E. Imposing a 200% penalty for the risk assumed by Mewbourne in drilling and completing the Winterfell 5/6 B2PO Fed Com #1H well against any mineral interest owner who does not voluntarily participate in the drilling of the well.

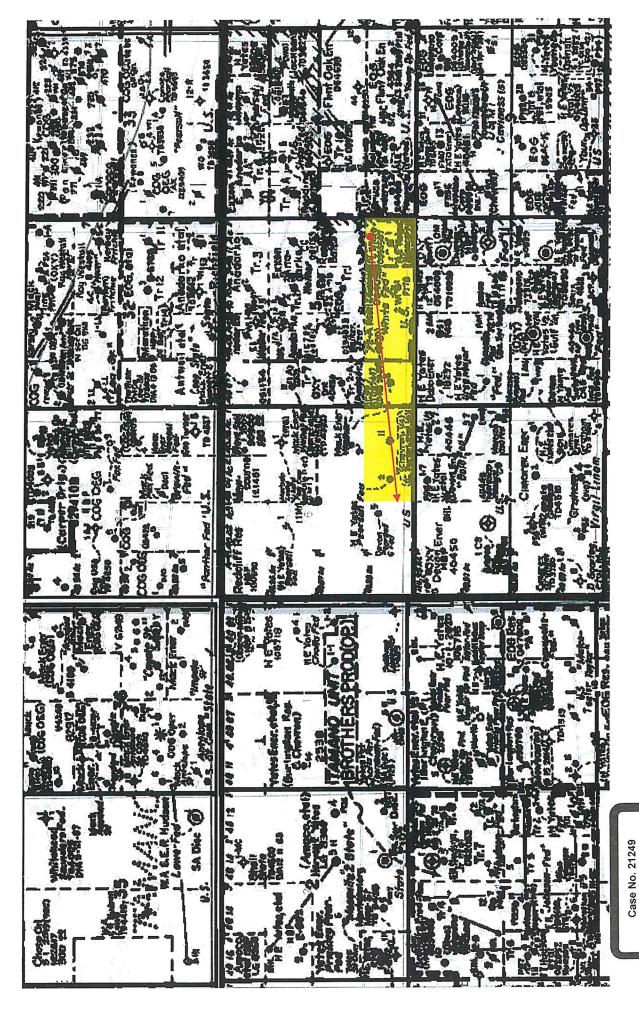

Respectfully submitted,

HINKLE SHANOR LLP

Exhibit A-7

Ladies and Gentlemen,

Mewbourne Oil Company ("Mewbourne") as Operator hereby proposes to form a 1924.56 acre Working Interest Unit ("WIU") covering the All of the captioned Sections 1, 5, and 6 for oil and gas production, by amending Operating Agreement dated June 1, 2019, covering the N/2 of the captioned Sections 1 and the NW/4 and W/2NE/4 of the captioned Section 6. The targeted interval for the proposed unit is the Bone Spring formation.

Mewbourne as Operator hereby proposes to drill the captioned Castle Black 6/1 B2FE Fed Com #1H well at the above referenced surface location (SL) to the referenced bottom hole location (BHL). The proposed well will be drilled to an approximate true vertical depth (TVD) of 8,568 feet subsurface to evaluate the Second Bone Spring Sand Formation. The proposed well will have a measured depth (MD) of approximately 14,906 feet. The S/2NW/4 of the captioned Section 6 and the S/2N/2 of the captioned Section 1 will be dedicated to the well as the proration unit.

Mewbourne as Operator hereby proposes to drill the captioned Winterfell 6/5 B2GH Fed Com #1H well at the above referenced surface location (SL) to the referenced bottom hole location (BHL). The proposed well will be drilled to an approximate true vertical depth (TVD) of 8,568 feet subsurface to evaluate the Second Bone Spring Sand Formation. The proposed well will have a measured depth (MD) of approximately 14,906 feet. The S/2NE/4 of the captioned Section 6 and the S/2N/2 of the captioned Section 5 will be dedicated to the well as the proration unit.

Mewbourne as Operator hereby proposes to drill the captioned Winterfell 6/5 B2IJ Fed Com #1H well at the above referenced surface location (SL) to the referenced bottom hole location (BHL). The proposed well will be drilled to an approximate true vertical depth (TVD) of 8,630 feet subsurface to evaluate the Second Bone Spring Sand Formation. The proposed well will have a measured depth (MD) of approximately 16,300 feet. The N/2N/2 of the captioned Section 5 and the N/2SE/4 of the captioned Section 6 will be dedicated to the well as the proration unit.

Mewbourne as Operator hereby proposes to drill the captioned Winterfell 6/5 B2PO Fed Com #1H well at the above referenced surface location (SL) to the referenced bottom hole location (BHL). The proposed well will be drilled to an approximate true vertical depth (TVD) of 8,750 feet subsurface to evaluate the Second Bone Spring Sand Formation. The proposed well will have a measured depth (MD) of approximately 16,429 feet. The S/2N/2 of the captioned Section 5 and the S/2SE/4 of the captioned Section 6 will be dedicated to the well as the proration unit.

Regarding the above, enclosed for your further handling are our AFEs dated November 26, 2019 for the captioned proposed wells and replacement pages to Operating Agreement dated June 1, 2019, amending the Contract Area. Please sign and return said AFEs and revised Exhibit "A" at your earliest convenience if you elect to participate in the captioned well and WIU and return to me within thirty (30) days.

Should you have any questions regarding the above, please email me at mrobb@mewbourne.com or call me at (432) 682-3715.

Sincerely,

MEWBOURNE OIL COMPANY

Mitch Robb

Re: Mewbourne Oil Company NMOCD Application

Dear Mr. Weeks:

Enclosed is a copy of an application for compulsory pooling that Mewbourne Oil Company ("Mewbourne") has filed with the New Mexico Oil Conservation Division ("the Division"). Mewbourne's application (Case No. 21249) seeks an order pooling all uncommitted mineral interests in the Bone Spring formation in a 240-acre, more or less, standard horizontal spacing unit comprised of the S/2 SE/4 of Section 6 and the S/2 S/2 of Section 5, Township 18 South, Range 32 East in Lea County, New Mexico. The horizontal spacing unit will be dedicated to the Winterfell 5/6 B2PO Fed Com #1H well.

During the COVID-19 Public Health Emergency, state buildings are closed to the public and hearings will be conducted remotely. The hearing will be conducted on May 14, 2020 beginning at 8:15 a.m. To participate in the electronic hearing, see the instructions posted on the OCD Hearings website: http://www.emnrd.state.nm.us/OCD/announcements.html. MRC Delaware Resources LLC ("MRC Delaware") is not required to attend the hearing, but as an owner of an interest that may be affected by Mewbourne's application, it may appear at the hearing and present testimony. If MRC Delaware does not appear at that time and become a party of record, it will be precluded from contesting the matter at a later date.

A party appearing in a Division case is required by the Division's Rules to file a Pre-Hearing Statement, which in this matter must be filed no later than Thursday, May 7, 2020. The Pre-Hearing Statement must be filed with the Division and should include: the name of the party and the party's attorney; a concise statement of the case; the name(s) of the witness(es) the party will call to testify at the hearing; the approximate amount of time the party will need to present the party's case; and an identification of any procedural matters that need to be resolved prior to the hearing. The Pre-Hearing Statement must also be provided to me.

Thank you for your attention to this matter.

LEGAL NOTICE April 22, 2020

April 22, 2020

This is to notify all interested parties, including MRC Delaware Resources LLC, MRC—Explorers Resources LLC, MRC Spiral Resources LLC, Marathon Oil Permian LLC, Occidental Permian Limited Partnership, XTO Holdings LLC, and their successors and assigns, that the New Mexico Oil Conservation Division will conduct a hearing on an application submitted by Mewbourne Oil Company (Case No. 21249). During the COVID-19 Public Health Emergency, state buildings are closed to the public and hearings will be conducted remotely. The hearing will be conducted on May 14, 2020 beginning at 8:15 a.m. To participate in the electronic hearing, see the instructions posted on the OCD Hearing sweets an order pooling all uncommitted mineral interests in the Bone Spring formation in a 240-acre, more or less, standard horizontal spacing unit comprised of the S/2 SE/4 of Section 6 and the S/2 S/2 of Section 5, Township 18 South, Range 32 East in Lea County, New Mexico. The horizontal spacing unit will be dedicated to the Winterfell 5/6 B2PO Fed Com #1H well, which will be horizontally drilled from a surface location in Unit P in Section 5 to a bottom hole location in Unit P in Section 5. The completed interval for the well will be orthodox. Also to be considered will be the costs of drilling and completing the well and the allocation of the costs, the designation of Mewbourne Oil orthdox. Also to be considered will be the costs of drilling and completing the well and the allocation of the costs, the designation of Mewbourne Oil Company as the operator of the well, and a 200% charge for the risk involved in drilling and completing the well. The well is located approximately six (6) miles southwest of Maljamar, New Mexico.

Case No. 21249

MEWBOURNE OIL

Exhibit A-13

STATE OF NEW MEXICO DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES OIL CONSERVATION DIVISION

APPLICATION OF MEWBOURNE OIL COMPANY FOR COMPULSORY POOLING, LEA COUNTY, NEW MEXICO

Case No. 21249

SELF-AFFIRMED STATEMENT OF CHARLES CROSBY

- 1. I am over 18 years of age and am competent to provide this Self-Affirmed Statement. I have personal knowledge of the matters addressed herein.
- 2. I am a geologist at Mewbourne Oil Company ("Mewbourne"). I am familiar with the geological matters that pertain to Mewbourne's application.
- 3. I have previously testified before the New Mexico Oil Conservation Division as an expert in geology, and my qualifications were accepted.
- 4. A general location map of the proposed horizontal spacing unit ("HSU") is attached as Exhibit B-1.
- 5. A structure map of the Base of the 2nd Bone Spring Sand formation is attached as Exhibit B-2. The map shows that the structure dips to the south. It also shows a line of cross section and the HSU for the proposed Winterfell 5/6 B2PO Fed Com #1H well.
- 6. Attached as Exhibit B-3 is a gross sand isopach map of the Lower 2nd Bone Spring Sand formation, which is the target zone for the proposed well. It shows that the sand across the HSU has an approximate thickness of 250-300'.
- 7. Attached as Exhibit B-4 is a west to east cross section. The well logs on the cross section provide a representative sample of the 2nd Bone Spring Sand formation in the area. The target zone for the proposed well is continuous across the HSU.

Case No. 21249

MEWBOURNE OIL

Exhibit B

8. Attached as Exhibit B-5 is a table containing production data from other 2nd Bone Spring Sand wells drilled in the vicinity. The preference is for laydown wells (west to east or east to west).

9. Exhibit B-6 is a Well Planning Report for the proposed well. The report contains plots and lateral trajectory schematics of the well bore. The well's producing interval will be orthodox.

10. There are no depth severances in the Bone Spring formation in the proposed HSU.

11. Based on the information discussed above, I am able to conclude that:

a) The HSU is justified from a geologic standpoint;

b) There is no faulting or other geologic impediment that could adversely affect the drilling of the proposed well; and

c) Each quarter-quarter section in the HSU will contribute more or less equally to production.

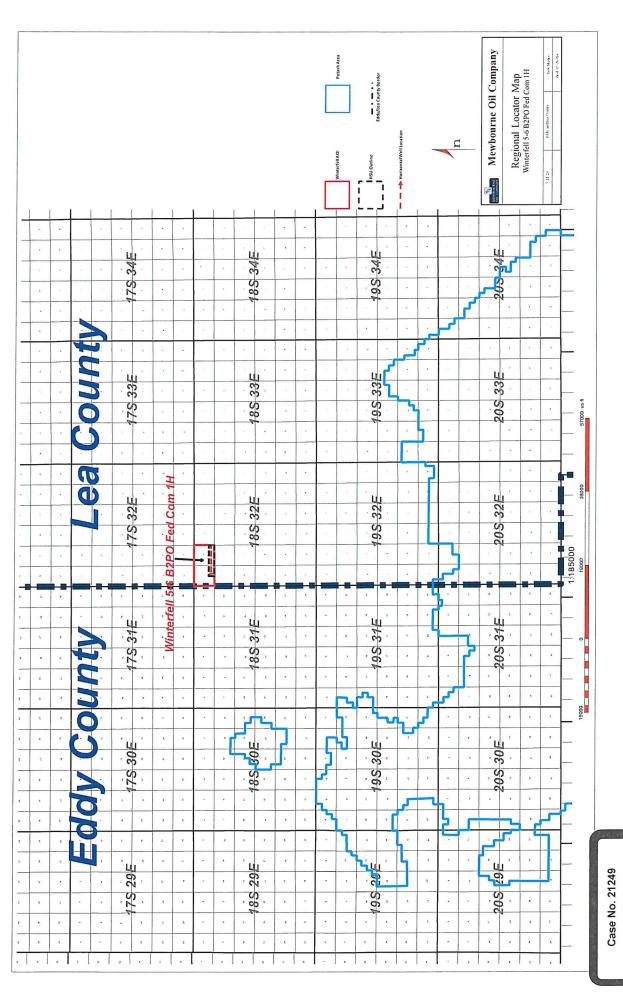

12. In my opinion, the granting of Mewbourne's application will serve the interests of conservation and the prevention of waste.

13. Exhibits B-1 through B-6 were either prepared by me or compiled from company records.

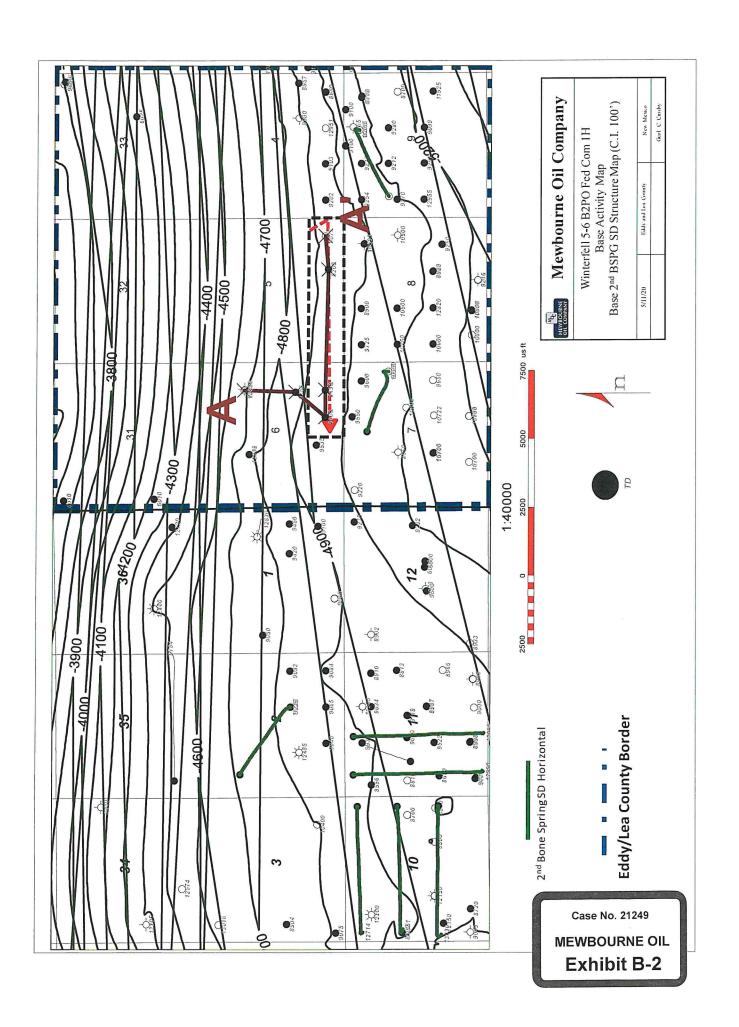

14. I understand that this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony in paragraphs 1 through 13 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.

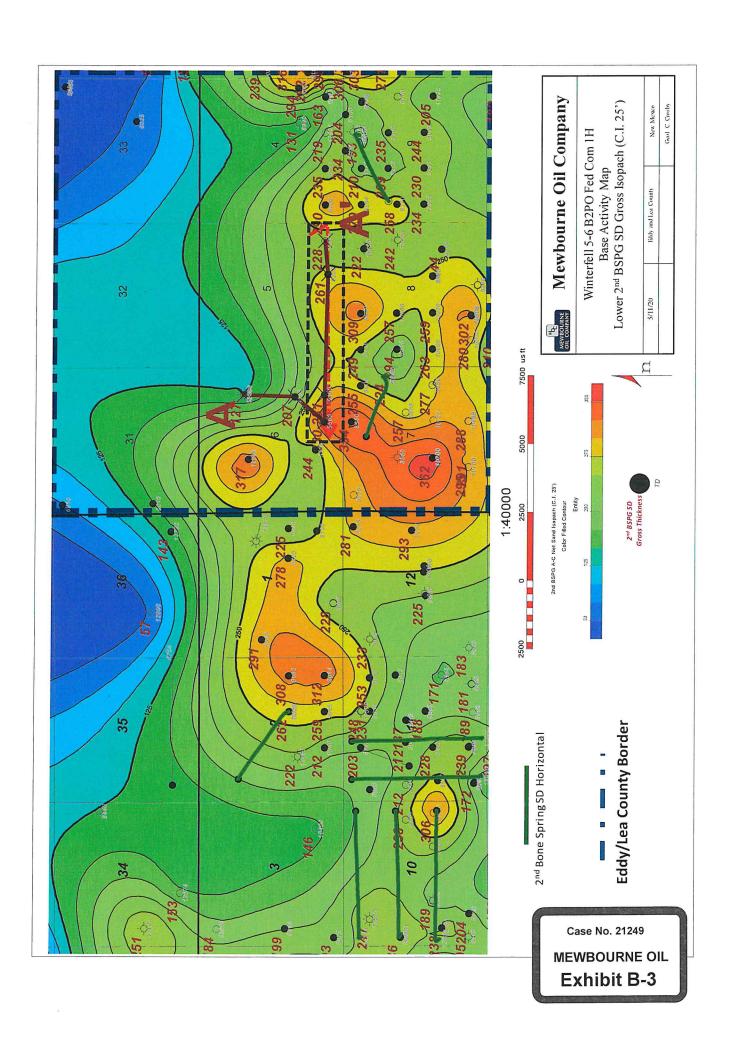

Charles Crochy
