RE: Final Approval of Unit Agreement
Tomahawk WC Unit
Eddy County, New Mexico

Dear Mr. Stout:

This office received your letter of 8/18/2020 in which COG Operating, LLC requested final approval for the Tomahawk WC Unit, Eddy County, New Mexico.

The New Mexico State Land Office has this date granted final approval for the Tomahawk WC Unit Agreement. State Land Office approval is subject to like approval by the Bureau of Land Management and the New Mexico Oil Conservation Division.

- The unit agreement becomes effective on 8/14/2020 which is the same effective date the BLM used for approval per their letter to COG Operating, LLC dated August 14, 2020.
- Your filing fee of \$800 has been received.
- Enclosed are five (5) Certificates of Approval.
- Please note the attached checklist to assist in completing the NM State Land Office requirements for this unit.

If you have any questions or if we may be of further assistance, please contact acting Units Manager Scott Dawson at 505.827.5791 or sdawson@slo.state.nm.us

Respectfully,

A handwritten signature in black ink that reads "Stephanie Garcia Richard" followed by a stylized flourish.

STEPHANIE GARCIA RICHARD
COMMISSIONER OF PUBLIC LANDS

NM State Land Office Post-Approval Checklist
For the Tomahawk WC Unit

- ☐ Within 6 months of the effective date of the unit, the second well must be spud since there will not yet be a commercial determination for the obligation well at that time.
- ☐ Name all unit wells as "Tomahawk WC Unit" wells.

After 6 months from first production of the initial well, submit to the Land Commissioner

- A "paying quantities" determination request.
- A Participating Area application for the first commercial well in the Unit.
- A unit plan of development.

Plans of development should include

1. A section that outlines ongoing development and/or maintenance in 2020 and 2021 (address new drilling, recompletions, workovers, P&As, and any other activities that may impact production);
 2. An aerial photo (preferred) or map that illustrates both current and planned infrastructure for the unit: well locations, tank batteries, gathering systems, and any other facilities that may impact the surface of New Mexico State Trust lands;
 3. A list of active wells in the unit with their API numbers; and
 4. Any additional information that may have relevance to our approval of the Plan.
- File subsequent plans of development on a calendar year basis not later than March 1 each year.
