RE: Well Proposal

Igor 33 Fed Com #504H-#506H

W/2 of Section 28 & W/2 of Section 33, Township 23 South, Range 32 East, NMPM
Lea County, New Mexico

Ladies and Gentlemen,

Per the terms of the certain Joint Operating Agreement dated January 1, 1987 between EOG Resources, Inc. ("EOG") as Operator, and, Oxy Y-1 Company ("Oxy") as Non-Operators, all parties being successors in interest to Yates Petroleum Corporation and Yates Drilling Company et al., EOG hereby proposes the drilling and completion of the wells detailed below, targeting the Second Bone Spring Sand formation:

Well Name	Surface Location	First Take Point	Last Take Point	TVD	MD
Igor 33 Fed #504H	249' FSL & 2163' FWL	100' FSL & 2178' FWL	100' FNL & 2178' FWL	10,400	20,400
Igor 33 Fed #505H	457' FSL & 968' FWL	100' FSL & 1254' FWL	100' FNL & 1254' FWL	10,400	20,400
Igor 33 Fed #506H	490' FSL & 968' FWL	100' FSL & 330' FWL	100' FNL & 330' FWL	10,400	20,400

A Well Location and Acreage Dedication Plat is included and further describes the proposed wells. The APD's for the subject wells have been submitted and EOG anticipates commencing this package upon approval. Our records indicate that Oxy owns a 30.00% working interest in the subject wells.

Enclosed for your review are Drilling & Completion AFE's. Note that these AFEs are estimates only and actual costs may be more or less than the amount provided on the AFEs. Further, an election to participate in a well is also an election to participate in such well's artificial lift and facility. Separate AFE's are solely for administrative purposes and will be provided at a later date.

It is our understanding that COG Operating LLC ("COG") has proposed Mastiff wells in the W/2 of Section 33, T23S, R32E. EOG requests that Oxy does not move forward with an Operating Agreement with COG and thoroughly considers EOG's proposed development plan that includes both the W/2 of Section 33 and Section 28, T23S, R32E.

Please indicate your election in the drilling, completing and equipping of the proposed well below by executing and returning a copy of this letter and the enclosed AFE's to the attention of the undersigned. If you elect to participate in the drilling of the above wells, please also provide your well information requirements. If you do not wish to participate, EOG would be interested in acquiring your interest in the W/2 of Sections 28 & 33, T23S, R32E, Lea Co., NM (via trade, term assignment, etc.).

Should you have any questions or concerns, do not hesitate to contact me via the information listed below. Your cooperation and timely consideration of this proposal is greatly appreciated.

Sincerely,

Chloe Sawtelle
Landman II
