Subject: [EXT] Case 21416: I inadvertently failed to file the motion for continuance.

Hello,

I apologize for this request but I inadvertently failed to file a motion for continuance for one case that is part of a two case well group. I filed a continuance motion in case 21415 but did not file one for case 21416. You will see the motion I filed in 21415 in the case files and it was timely filed. Cases 21415 and 21416 are both part of Marathon's Claudius development. I intended to file a motion in both cases—this is an oversight on my part. I would like to ask that I be allowed to continue case 21415 rather than having it dismissed. There are no other parties in the case, so no one will be prejudiced by my late filing. I am hopeful that you will allow me the opportunity to file a motion this one time as an exception to dismissing the application.

Thanks in advance for considering my request.

Deana
