Subject: [EXT] Connection difficulties

Hello Florene,

I was scheduled to give comments in today's meeting, but I was not able to log in to the meeting. Sorry. I suspect the problem is with me, as I am using a Chromebook and it doesn't seem to be compatible with WebEx. In any event, I apologize for not meeting my appointment. I sent my written comments to the Commission via email, I hope those will serve in place of spoken comments.

Thank you,

Timothy Peterson
