All,

Please see the following from OCC Chair Adrienne Sandoval:

Counsel,

The Commission received your request for a special meeting on March 16, 2021 concerning your recent application for rulemaking. Given the schedule of the Commission over the last few months, which included significant rulemaking (which not yet complete) and the recent replacement of Commissioner Jordan Kessler with Commissioner Greg Bloom, unfortunately I must deny your request for a special meeting ahead of the April 15, 2021 regularly scheduled meeting. Thus, your application is now docketed for April 15, 2021. The Commission appreciates and recognises the hard work put into the application by multiple parties and looks forward to hearing from you mid-April.

Ms. Davidson and Mr. Moander,
For filing in the above-referenced matter, please see the attached Request for Special Meeting filed jointly by WildEarth Guardians and the Oil Conservation Division.

As I have discussed with Mr. Moander, we respectfully request that the Commission hold a special meeting prior to April 8, 2021 for the initial consideration of this proposal, and to schedule a subsequent formal public hearing on the proposed rule changes.

Please let me know if you have any questions.

Thank you.
