This Scheduling Order follows the commencement of a hearing held before an Oil Conservation Division (“Division”) Hearing Examiner on April 22, 2021.

1. The hearing on April 22, 2021 was originally scheduled under a Pre-Hearing Order that included the above listed cases and three other Catena Resources Operating, LLC (“Catena”) cases (Case Nos. 21462, 21482 and 21714) along with two cases from Matador Production Company (“Matador”) (Case Nos. 21578 and 21579). 3. The above listed cases will be set for a status conference on August 19, 2021.

4. Any requests to reschedule the status conference shall be treated as a request for continuance and filed in writing through the Division fee portal.
