**Subject:** application for hearing  
**Attachments:** 2010 8-24 notice of hearing signed with attachments.doc.pdf

Ms. Hodges – The Oil Conservation Division recently attempted to notify Chica of a hearing to address issues regarding who should be recognized as operator of wells currently operated by Yeso Energy Inc. The notice was sent by certified mail, return receipt requested, to Chica Energy LLC, 3003 McPherson Road, Roswell, NM 88201. That is the address Chica had provided on its correspondence with the OCD, it is the address on its assignment of cash collateral deposit for the OCD, and it is the address listed as the mailing address, corporation address and agent address for Chica according to the PRC website. The letter was returned by the post office as “Return to Sender, No Such Number, Unable to Forward.” I have no other address for Chica.

The OCD also provided notice of the hearing to James Bruce, an attorney who recently represented Chica in another action. Mr. Bruce has informed me that he no longer represents Chica.

I have attached a copy of the notice of hearing with its attachments to this e-mail.

Gail MacQuesten, OCD Attorney
