Message

NOTE - correction to earlier request - Hearing is scheduled for August 18, 2022 - I listed the incorrect date in earlier message.

Comment/note:

Dear Commissioner or to whom it may concern,

I received certified mail on July 29, 2022, notifying me that Matador Production Company filed an application with the New Mexico Oil Conservation Division to force pooling of my mineral rights. A hearing is scheduled on August 18, 2022. I am unable to attend this hearing due to work commitments (I cannot attend either in person or virtually).

I respectfully request a 30-day extension to hire someone to investigate his matter and advise me on my rights in these cases and the consequences of the forced pooling action.

My four siblings, who also own mineral rights on the land contained within these cases, endorse this request for a 30-day extension.

Thank you.

Sincerely yours,
Denise Crimmins
