: Compulsory pooling application / hearing CASE NO. 22745, 22746, 22747, 22748

**Message**

Dear Commissioner or to whom it may concern,

I received certified mail on July 29, 2022, notifying me that Matador Production Company filed an application with the New Mexico Oil Conservation Division to force pooling of my mineral rights. A hearing is scheduled on August 18, 2022. I am unable to attend this hearing due to work commitments (I cannot attend either in person or virtually).

I respectfully request a 30-day extension to hire someone to investigate this matter and advise me on my rights in these cases and the consequences of the forced pooling action.

My four siblings, who also own mineral rights on the land contained within these cases, endorse this request for a 30-day extension.

Thank you.

Respectfully,

Michelle Deane
