OIL CONSERVATION DIVISION**

**APPLICATIONS OF COG PRODUCTION LLC
FOR COMPULSORY POOLING AND APPROVAL
OF NON-STANDARD SPACING UNIT,
LEA COUNTY, NEW MEXICO.**

CASE Nos: 24372-24373

ORDER VACATING SCHEDULING ORDER

This matter comes before the Oil Conservation Division (OCD) following an email from the Parties that “COG withdrew its APDs for the W/2 Eata Fanta wells, obviating the need for Cimarex to file a motion to rescind those APDs,” and being otherwise fully advised in the premises,

HEREBY FINDS AND ORDERS:

1. Based on the Parties’ representations, the legal issue raised at the May 2, 2024 docket is resolved, and the Scheduling Order is vacated.
2. However, Cimarex maintains its objections to COG’s underlying pooling applications and a contested evidentiary hearing is necessary for the OCD to resolve the applications.
3. The Parties are scheduled to attend a contested hearing on the June 6, 2024 special docket and shall advise the Law Clerk whether Case numbers 24372 and 24373 may be heard on the same day.

IT IS SO ORDERED this 13th day of May, 2024.
