

Before the Oil Conservation Division
Exhibit No. 6
Burlington Resources Oil & Gas Company LP
OCD CASE 14734
Hearing: October 13, 2011

Chronological List of Events - Prepared 8/15/2011; Amended 10/12/2011 - T. Simcoe
Re: Huerfano Unit Com 311, Gallup & DK New Drill
E/2 Sec 2, T25N, R9W
San Juan County, NM

1/30/2008	COPC sent first proposal letter to WI owners, then known, for a Dakota well.
10/28/2008	COPC ordered title update to determine complete ownership.
1/9/2009	Discussed production allocation methods with Koch, mailed written description of process. Numerous telephone calls through the month regarding this process.
2/17 & 18/2009	Met with Koch in ConocoPhillips' offices to discuss this and other wells.
March/2009	Several discussions between Koch and T. Ruby, COPC land supervisor, concerning JOA.
3/30/2009	COPC Landman requested title information from Bartlesville records.
4/14/2009	Well placed in suspense status until title resolved.
March through May 2010	Title work resolved interests formerly of Dacresa Corp. and final ownership determined.
Mid-May 2010	Gallup Fm added to well plan
March 2011	Well placed on active plan for 2012 drilling. New cost estimate generated.
6/30/2011	Ballots, AFEs, JOAs sent to all WI owners by Certified Mail – Return Receipt Requested.
7/27/2011	Merrion offers all of their wellbore interest to Burlington Resources. Offer accepted 8/12/11.
8/12/2011	Email sent by COPC Landman to Koch requesting a response to ballot letter.
8/15/2011	List of ballot responses/no responses generated. Decision made to force pool non-respondents.
8/22/2011	Hearing advertised as required by the Rules
Late 8/2011	Letters sent to parties, Certified Mail – Return Receipt Requested
September 2011	Telephone conversations between Koch staff and COPC staff concerning well. Koch landman, Morgan Conner acknowledged receipt of ballot and JOA

10/7/2011 After receiving Koch's notice to oppose, Terry Simcoe sent an email to Morgan Connor and Doug Howard telling them that he would call, as suggested by their attorney, J. Scott Hall, at 2 PM. An immediate response from Mr. Connor asking that the call be postponed until Monday, 10/10, was immediately agreed to by Mr. Simcoe, who replied that he would call Mr. Connor and Mr. Howard at 8:30 AM on Monday 10/10.

10/10/2011 A call was made to Koch at 8:30 AM MDT by Terry Simcoe, COPC landman, and Mike McGovern, CPOC Resource Assessment Manager. The cost allocation procedure was briefly discussed, but seemed to actually not be an issue with Koch. The allocation of production, however, did seem to be a problem for Koch and that was discussed at length. The COPC representatives did not understand Koch's opposition to the proposed plan and it appeared that Koch was thinking that any oil that might be produced from the well would be allocated to the owners on the basis of how much gas might be produced. The COPC representatives assured Koch that oil would be allocated on actual test results, not from results of a gas test by the "spinner method". Koch asked if appropriate language could be put in the proposed operating agreement and COPC readily agreed and asked that Koch submit their desired language as soon as possible. Koch indicated that the language should be sent to COPC before noon on 10/10/2011.

10/11/2011 Terry Simcoe received Koch's proposed production allocation method, not from Koch, but from Koch's counsel, J. Scott Hall, by way of COP's counsel, Tom Kellahin and not until 3 PM, giving very little time for COP to evaluate the proposal and seek approval of the language by COP legal staff.

10/12/2011 COP engineering staff accumulated data on which to form a response to Koch's proposal for production allocation. COP hearing witnesses leave Farmington at 9 AM.

Re: Huerfano Unit Com 311
Gallup and Dakota Communitization Agreements and
Gallup and Dakota Joint Operating Agreement and
Memorandum of Operating Agreement
E/2 Sec 2 - T25N - R9W
San Juan County, New Mexico

Dear Interest Owner/Lessee of Record:

Enclosed for your review, consideration and execution are the above-referenced documents. If these documents meet with your approval, please return the signature pages to me at the address given above, as follows:

1. Gallup and Dakota Communitization Agreements - please execute and have signature notarized on two (2) signature pages for each Communitization Agreement;
2. Gallup and Dakota Joint Operating Agreement - please execute one (1) signature page;
3. Memorandum of Operating Agreement - please execute and have signature notarized on one (1) signature page.

If you have any questions concerning these documents, please feel free to contact me. My phone number and email address is given above.

Thank you for your assistance in this matter.

Sincerely,

Diane S. Wierenga

RE: 2009 New Drill Proposal – Revision (w/Corrected GWI%)
Huerfano Unit Com 311
AFE #: WAN.CDR.7381
San Juan County, New Mexico

Dear Interest Owner:

This project was initially proposed in AFE and Cost Estimates dated August 22, 2008. After a lengthy title review process, we are now comfortable with the ownership of this proposed well, and this revision is necessary to add other working interest owners to the well, as well as adding the Gallup Formation to the well..

Burlington Resources Oil & Gas Company LP (hereinafter Burlington), an affiliate of ConocoPhillips Company, as Operator, proposes to drill, complete and equip the above referenced Dakota well at a TVD of 8,138' for an estimated total of \$1,170,499. The details of the well are as follows:

Well Name/Dedication	Formation	Owners:	GWI%
Huerfano Unit Com 311 Unit Letter 'P' 2195' FSL & 675' FEL NESE, Sec. 2-T25N-R9W SE/4 Dedication for Gallup	Gallup Drillblock	Burlington Resources Oil & Gas Co. LLP	25.000000%

	Total	100.000000%	

Burlington currently plans to drill this well before June 30, 2012. While the well location is within the Huerfano Unit, some of the leasehold within the well spacing area is not committed to the unit, necessitating that an operating agreement be created to cover those operations. It is attached. Your execution of this ballot indicates your willingness to suspend the notice provisions of the operating agreement concerning the time limits for operations. We would appreciate your concurrence to the drilling, completion and development costs as detailed in the attached cost estimate.

Please execute and return a copy of this letter ballot and attached cost estimate to the attention of **Diane Wierenga** at the letterhead address or fax to **505-326-9781 AND SHOWING EITHER APPROVAL OR DISAPPROVAL**.

Burlington Resources is prepared, if the parties fail to approve the drilling of this well, to begin administrative relief (forced pooling) procedures with the New Mexico Oil & Gas Commission and this is our last and best offer before doing so.

You must so respond by August 5, 2011. Failure to respond will include you in the administrative action before the New Mexico Oil & Gas Commission.

If there are any questions regarding this proposal please contact me at 505-326-9878.

Sincerely,

Terry Simcoe

Well: Huerfano Unit Com 311, E/2 Section 2, T25N, R9W, San Juan County, New Mexico

I Approve _____, I Disapprove _____ of this well proposal.
