RE: CASE NUMBER 14270 AGAVE ENERGY COMPANY RED HILLS AGI #1

This letter is to advise you that Agave Energy Company ("Agave") filed the enclosed application on July 20, 2011, with the New Mexico Oil Conservation Division ("NMOCD" or "the Division") seeking authorization to drill an Acid Gas Injection (AGI) well at the proposed Agave Red Hills Gas Processing Plant located approximately 20 miles northwest of Jal, New Mexico. The proposed well will be located 150 feet from the East line and 1,600 feet from the South line of Section 13, Township 24 South, Range 33 East, in Lea County. Agave plans to inject up to 13MMCFD of acid gas and CO₂ from the Plant at a maximum pressure of 2,085 psi into this well into the Cherry Canyon Formation, approximately 6,200 to 6,530 feet below the surface. The proposed well will serve as the disposal well for acid gas and CO₂ which will be produced at the Agave Red Hills Plant. A minor design modification to the original application has also been filed with the NMOCD and a revised Section 3.2 and Figure 4 to the C-108 are also included.

This application (case number 14270) has been set for hearing before the Oil Conservation Commission at 9 a.m. on September 22nd, 2011, in Porter Hall at the NMOCD's Santa Fe office located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by Agave's application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the application at a later date.

A party appearing at the hearing is required by the Commission's rules to file a Pre-Hearing Statement with the NMOCC's Santa Fe office no later than one week prior to the hearing date. This statement must be served on counsel for Agave and on all other parties and should include: your name and the name of your attorney, if any; a concise statement of the case; the names of all witnesses you will call to testify at the hearing; the approximate time you will need to present your case; and an identification of any procedural matters that need to be resolved prior to the hearing.
