APPLICANT'S STATEMENT OF CASE

EOG Resources, Inc. ("EOG") seeks an order (1) creating a non-standard 160-acre, more or less, spacing and proration unit comprised of the S/2 S/2 of Section 1, Township 18 South, Range 29 East, NMPM, Eddy County, New Mexico; and (2) pooling all mineral interests in the Bone Spring formation underlying this acreage to

form a 160-acre, more or less, project area in this formation. EOG proposes to dedicate the above-referenced spacing and proration unit as the project area for its Sand Tank "1" Fed Com 3H Well, which was horizontally drilled from a surface location 560 feet from the South line and 240 feet from the East line (Unit P) to a bottom hole location 660 feet from the South line and 330 feet from the West line (Unit M) of Section 1. The completed interval for this well will be at a standard location as required by the rules.
