### STATEMENT OF THE CASE

### APPLICANT

<u>Case No. 14893</u>: Applicant seeks an order approving a 160-acre non-standard oil spacing and proration unit (project area) in the Second Bone Spring Sand comprised of the E/2E/2 of Section 6, Township 19 South, Range 32 East, NMPM. Applicant further seeks the pooling of all mineral interests in the Second Bone Spring Sand underlying the non-standard oil spacing and proration unit (project area) for any formations and/or pools developed on 40 acre spacing within that vertical extent. The unit is to be dedicated to the Roadrunner 6 Fed. Com. Well No. 1, a horizontal well to be drilled at a surface location in the SE/4SE/4, with a terminus in the NE/4NE/4, of Section 6. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of applicant as operator of the well, and a 200% charge for the risk involved in drilling and completing the well.

<u>Case No. 14894</u>: Applicant seeks an order approving a 160-acre non-standard oil spacing and proration unit (project area) in the First Bone Spring Sand comprised of the E/2E/2 of Section 6, Township 19 South, Range 32 East, NMPM. Applicant further seeks the pooling of all mineral interests in the First Bone Spring Sand underlying the non-standard oil spacing and proration unit (project area) for any formations and/or pools developed on 40 acre spacing within that vertical extent. The unit is to be dedicated to the Roadrunner 6 Fed. Com. Well No. 2, a horizontal well to be drilled at a surface location in the SE/4SE/4, with a terminus in the NE/4NE/4, of Section 6. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of applicant as operator of the well, and a 200% charge for the risk involved in drilling and completing the well.

<u>Case No. 14895</u>: Applicant seeks an order approving a 160-acre non-standard oil spacing and proration unit (project area) in the Second Bone Spring Sand comprised of the W/2E/2 of Section 6, Township 19 South, Range 32 East; NMPM. Applicant further seeks the pooling of all mineral interests in the Second Bone Spring Sand underlying the non-standard oil spacing and proration unit (project area) for any formations and/or pools developed on 40 acre spacing within that vertical extent. The unit is to be dedicated to the Roadrunner 6 Fed. Com. Well No. 3, a horizontal well to be drilled at a surface location in the SW/4SE/4, with a terminus in the NW/4NE/4, of Section 6. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of applicant as operator of the well, and a 200% charge for the risk involved in drilling and completing the well.

<u>Case No. 14896</u>: Applicant seeks an order approving a 160-acre non-standard oil spacing and proration unit (project area) in the First Bone Spring Sand comprised of the W/2E/2 of Section 6,

p.7

Township 19 South, Range 32 East, NMPM. Applicant further seeks the pooling of all mineral interests in the First Bone Spring Sand underlying the non-standard oil spacing and proration unit (project area) for any formations and/or pools developed on 40 acre spacing within that vertical extent. The unit is to be dedicated to the Roadrunner 6 Fed. Com. Well No. 4, a horizontal well to be drilled at a surface location in the SW/4SE/4, with a terminus in the NW/4NE/4, of Section 6. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of applicant as operator of the well, and a 200% charge for the risk involved in drilling and completing the well.

### PROCEDURAL MATTERS

1. Devon's cases should be consolidated with Case No. 14886, filed by COG Operating LLC ("COG"), which requests the pooling of the Second Bone Spring formation underlying the N/2N/2 of Section 6, Township 19 South, Range 32 East, N.M.P.M. Devon opposes COG's application. This pleading constitutes the pre-hearing statement of Devon in that case.

2. Devon has filed a motion for a continuance, to which COG Operating has not yet responded. Applicant requests that all five cases be continued to the October 4th hearing.

3

Respectfully submitted,

lames Bruce Post Office Box 1056 Santa Fe, New Mexico 87504 (505) 982-2043

Attorney for Devon Energy Production Company, L.P.

## CERTIFICATE OF SERVICE

I hereby certify that a copy of the foregoing pleading was served upon the following counsel of record this **30** the day of August, 2012 by facsimile transmission and U.S. Mail:
