Subject: Pit Rule

Dear Ms. Davidson:

Please keep the Pit Rule.

I urge you to preserve our state by not caving in to industry pressure.

Please inform Ms. Bailey, Mr. Blanch, and Mr. Bloom that many of us are concerned about the wise use of our state's natural resources.

Thank You.

Oil Conservation Commissioners

Dear Commissioners,

I urge you to maintain the current New Mexico Pit Rule, which protects our water supply from drilling waste.

For the last four years, New Mexico's Pit Rule has kept drilling waste out of our water supply. I urge you to maintain this effective rule.

Sincerely,

Daniela Roth

SOUTHWEST CONSOLIDATED SPORTSMEN

June 11, 2012

Florence Davidson
Oil Conservation Division
1220 South Saint Francis Drive
Santa Fe NM 87505

Dear Ms. Davidson:

The members of Southwest Consolidated Sportsmen (15 clubs – 1500 members) strongly oppose any changes in the “pit rule” as proposed by the oil and gas industry, which would create serious toxic pollution of ground water. Clean, uncontaminated water will become a more scarce essential commodity in the desert Southwest for humans and wildlife. We need to maintain reasonable strict regulation of the oil and gas industry.

Thank you.

Yours very truly,

Sanford D. Schemnitz
