Subject: RE: Case No. 14881; Application of EOG Resources for a Non-Standard Spacing Unit, etc

David,

I have a draft proposed order ready, and have sent it to Scott Dawson for SLO review last week, but have not heard back from him yet. If I don't hear back from him in the next few days, I will go ahead and submit it to the Division for consideration.

Best,
Adam

Subject: Case No. 14881; Application of EOG Resources for a Non-Standard Spacing Unit, etc

Good Afternoon, Adam

I was thinking that you requested to prepare a draft order in this case. However, I find nothing about that in the record. Either I am thinking about some other case, or the discussion was off the record.

Please advise if you want me to hold this for any reason or if I should go ahead and approve it with our standard order for such cases.

Sincerely

David Brooks
