Bobbi –

Just an FYI

The file is in today's mail, you should have it by the end of the week, and it's in two envelopes!

Thanks,
Su'Ann

Bobbi –

You are missing the Cockburn A lease file! It's 230+ pages, I will get you a paper copy in the mail.

Thanks,
Su'Ann

Su'Ann,

Oil Conservation Commission
Case No. _____
Exhibit No. 12

4/17/2008

I did receive a few emails. I am going to reply to you from the emails that I received and that way you can determine if I am missing some of the information. If you need too, try sending it to my yahoo email and I will burn it onto a disc. That email is sonshine4599@yahoo.com

Thanks,

Bobbi –

I have been attempting to send the four files (2 division order & 2 lease) referenced below through email for the last month, the files are too big and always get sent back to me a few day later as "undeliverable". I am going to make you copies of the files and mail them; however, before I do I wanted to see if you had received any of the files? When I get the delivery notification it doesn't say what the attachment was and so I don't know if part of what I sent went through or not!

Thanks for your help!

Bobbi -

I have tried numerous times to send these files and have had problems with them going through due to their size.
I'm sorry for the delay.

Attached is the State CD division order file.

Thanks -
Su'Ann
