Gentlemen:

Your 1972 plan of development, dated December 30, 1971, for the Poker Lake unit area, Eddy County, New Mexico, has been reviewed by this office. Such plan proposes (1) a feasibility study for re-entering two deep dry holes with the sidetracking of a new hole to the Morrow, (2) the negotiations for third party drilling of shallow wells in sec. 17, T. 25 S., R. 30 E., and sec. 31, T. 24 S., R. 31 E., and (3) the correlation and interpretation of 30 miles of seismic data, obtained during the year 1971, along with additional geological studies of the Atoka and Morrow for the control necessary to justify additional Morrow tests.

In view of your above proposals and the drilling of unit well No. 40 in SE¼SW¼ sec. 20, T. 24 S., R. 31 E., to a total depth of 4423 feet in July of this year, your 1972 plan of development for the Poker Lake unit area is hereby approved on this date. Such approval allows for the finalization of the enumerated proposals so that positive action can be taken for the continued exploration of the unitized area.

Two approved copies of the plan are enclosed.

Sincerely yours,
