Dear Ms. Needham:

As referenced in my previous letter to you dated June 29, 2005 which was apparently delivered to Peggy Scott, Mewbourne has plans to drill its Pine Box "21" State Com #1 Well at a location 1310' FNL & 1310' FWL of the captioned Section 21 to a depth sufficient to evaluate the Morrow formation, estimated total depth being 9,800' beneath the surface.

Eddy County records indicate you own a 25/8712 mineral interest (.4591 net mineral acres) in the NW/4 of the captioned Section 21. As offered previously, Mewbourne offers to purchase an Oil and Gas Lease from you on the basis of \$100.00 per net acre (\$45.91) for a 3 year paid-up lease providing a 3/16<sup>th</sup> royalty interest.

Regarding the above, your interest is currently subject to a Compulsory Pooling hearing which was to occur July 14<sup>th</sup> in Santa Fe. However, we have continued the hearing to the August 25<sup>th</sup> docket date to allow the currently uncommitted owners additional time to lease their interest to Mewbourne in lieu of being force pooled. For your information I've included a copy of our pooling application.
