Mr. Enzeanyim,

Per our telephone conversation today please be advised that the NM State Land Office has no objection to the proposed injection well located in the SW/4SE/4 of Section 36, Township 9 South, Range 33 East as described in NMOCD Case No. 14917. We thank you for pointing out that the SE/4NW/4 of Section 36 is unleased. We concur, that the SE/4NW/4 is unleased State Trust Lands at this time. We plan to put this acreage up for sale in our next oil and gas lease auction. The Surface is Held under Patent No. 2678 and is considered Fee land.

Your help regarding this matter is appreciated.

Please do not hesitate to call if anything further is required.

*Pete Martinez*
