Subject: Case No. 14960; Application of New Mexico Salt Water Disposal Co. Inc. for Authorization to Inject

Dear Gary

Please recall that the Division, at the hearing of this case on March 7, requested the filing of a new, complete Form C-108 for the proposed injection well, incorporating all revisions.

I have not been able to find that such a document has been submitted; so we will await receipt thereof.

In preparing the revised C-108, please number the pages.

Sincerely

David K. Brooks
