Dear Mr. Higginbotham:

On June 1, 2005, you received a notice of application by XTO Energy Inc. to surface commingle gas production from the captioned wells and pools. By letter dated June 2, 2005, you notified XTO and the New Mexico Oil Conservation Division of your intention to protest the surface commingle application.

Please be advised that you have no interest in the subject wells, were notified in error, and accordingly have no right to object the Application to Surface Commingle Gas Production.

Yours truly,
