Dear Mr. Brooks:

Enclosed please find our check for \$2,000.00 in order to extend the deadline until August 18, 2004, for the two above captioned wells.

Amtex Energy, Inc. ("Amtex") is hereby requesting its deadline be extended to 6 months, instead of 90 days, until December 21, 2004. The extended time is necessary due to the tight schedule and limited availability of rigs equipped for full plug and abandonment services. Additionally, there are long waiting periods for just obtaining a well service unit to do work on active wells which may be experiencing problems and need repair and this is due to the high level of activity from the high oil and gas prices we are currently experiencing.

Thank you for your consideration of this request and if you have any questions please call me at 432/770-0913.

Sincerely,

William J. Savage  
President
