Re: Oil & Gas Lease USA NMNM 09003
NE/4 NW/4 of Section 23-19S-31E
Eddy County, New Mexico
Antares 23 Fed Com 1H

Mr. Jackson:

I have attached the BLM Serial Register page for oil and gas lease USA NMNM 09003 wherein the Lessee (record title owner) is listed as "Don and Gladys Angle".

Also attached are portions of a recent Drilling Title Opinion reflecting that miscellaneous documents have been filed with the Eddy County Clerk transferring record title and the associated overriding royalty interest to the John A. Holmstrom 2004 Trust. The title opinion notes that these items have not been filed with the Bureau of Land Management, so their title abstract has not been updated.

A letter addressed to Carolyn Holmstrom, 2925 Somerset Pl., San Merino, CA has been returned undeliverable. Through additional research, I have obtained your name and address.

Devon Energy Production Company has recently drilled and completed the Antares 23 Com 1 H. In compliance with the rules of the Bureau of Land Management, Devon is submitting the enclosed Communitization Agreement to all leasehold and working interest owners of the oil and gas leases within the N/2 N/2 production proration unit. At your earliest convenience, please execute, notarize and return the three (3) original signature pages to Devon in the enclosed self-addressed, stamped envelope.

Please contact the undersigned if you have any questions. Thank you for your cooperation in this matter. I will coordinate with Devon's division order department to be certain they contact you regarding the overriding royalty interest attributable to the John A Holmstrom 2004 Trust. We will need some documentation as to your Trustee status.

Sincerely,

Devon Energy Production Company, L.P.
