Field Trial

Current

## CEDAR LAKE NORTH

(NFE – Crow – Hawk – Raven Leases)

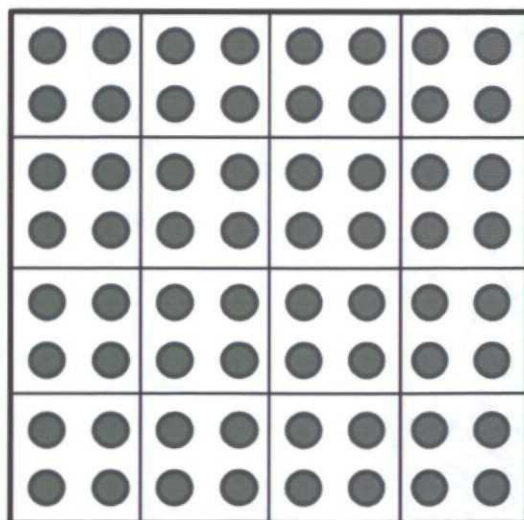

**Horizontal development**  
**Minimizing surface impact**  
**Density Scenarios**

**Productivity and Volumetrics**  
**suggest opportunities to**  
**increase density.**

New  
Development  
Strategy would  
require Allowable  
increase

(4.5 wells in  
production at the  
same time)

**4.5 x 400 BOPD =  
1,800 BOPD**

## CEDAR LAKE SOUTH

(Coffee – Tony – Lee Leases)
