Re: 9418 JV-P Vaca Draw Well No. 1, Case 15159

Dear Mr. Goetze:

The Bureau of Land Management (BLM) will object to the proposed salt water disposal well for the following reason:

According to the information reported to the Office of Natural Resources Revenue, the well is still producing in paying quantities. The BLM will not approve a well to be converted to salt water disposal when it is still producing in paying quantities.

If you have any questions regarding this objection, please contact Wesley W. Ingram, Supervisory Petroleum Engineer at (575) 234-5982.

Sincerely,

/s/ Sheila Mallory
