Hi Wayne,

SLO reviews all OCD SWD applications

We reviewed you referenced SWD application (C-108) on June 17, 2015 SLO has no problems with your application as filed.

To my knowledge SLO has never signed an applicant's affidavit, pre or post hearing It is my responsibility to uphold the tradition

Good luck with your endeavors

Regards,  
Terry

Good Afternoon Terry,

Gary Larson and I would like to schedule a 15-20 min visit on this Wednesday July 29, if you are available. The topic will be the Grace Carlsbad SWD-1344 which we are re-permitting and this well bore is owned by Key Energy and the land is private in which we are working with landowner. However, this is a split estate where the minerals are SLO. You indicated you had reviewed and have no issues, but during the hearing we were challenged on the fact that I didn't receive the Certified Green Card back from SLO.

So Gary wants to verify and maybe have you sign an affidavit that you have reviewed the application so we can present that at our next hearing. I also included another copy for your review.

Please let us know your availability.
