RE: State Trust Land, Section 4, T-21-S, R-35-E

Dear Mr. Hazlip:

Thank you for meeting with representatives of the State Land Office ("SLO") to discuss issues pertaining to the entry by Chesapeake Operating Inc. on the above referenced trust land to drill the KF "4" State Com No. 1 well on behalf of the State's oil and gas lessee on the adjacent quarter section, Chesapeake Permian, L.P. The SLO has high regard for both of its lessees in the south half of Section 4, and its paramount interest is ensuring that state trust land generate the highest possible level of sustainable revenue for trust beneficiaries, consistent with protection of the environment. We appreciate Chesapeake's contributions over the years to New Mexico's trust revenue and recognize Chesapeake's responsible operation on trust lands in the State.

Based on the discussions presented, the SLO's does not believe that this entry onto State Trust Lands by Chesapeake was in bad faith and understands that issues pertaining to the configuration for the spacing unit for this well will be resolved by the proceedings pending in the Oil Conservation Division. As expressed in our meeting the Land Office believes that geology should solely dictate the correct spacing and all the parties will have their opportunity to be heard at the Oil Commission proceeding.

Sincerely,

Patrick H. Lyons  
Commissioner of Public Lands
