**MATADOR PRODUCTION COMPANY'S
MOTION TO QUASH ENTRY OF APPEARANCE**

Matador Production Company ("Matador") submits this Motion to Quash the Entry of Appearance filed on September 25, 2015 by Amtex Energy, Inc. ("Amtex") and William Savage.

INTRODUCTION AND FACTUAL BACKGROUND

After being properly noticed, Case No. 15366 went to hearing on September 3, 2015. Although Amtex was provided notice of the filing of Matador's application and the hearing, it failed to appear for the hearing, but belatedly filed an entry of appearance in an apparent attempt to try and appeal the Division's order in this case. Under these circumstances, the entry of appearance by Amtex and Mr. Savage is improper and should be quashed in order to avoid unnecessary proceedings once the Division enters its order.

The record at the hearing established that Matador attempted to reach agreement with Amtex, which owns a working interest in the spacing unit for the proposed well in advance of the filing of its application. On March 23, 2015, Matador sent well proposals to Amtex and the other working interest owners located in Section 16, Township 19 South, Range 34 East. *See* Amtex Well Proposal Letter, attached as **Exhibit A**. Matador also contacted Amtex on several

occasions concerning Matador's proposal for the Cimarron State 16-19S-34E RN #133H well, and did not receive any response. *See* testimony of Jonathan Filbert in Case 15366. On August 3, 2015, Matador filed its application in Case 15366 pursuant to the provisions of NMSA 1978, Section 70-2-17, for an order: (1) creating a non-standard 160-acre, more or less, oil spacing and proration unit in the Bone Spring formation, comprised of the W/2 E/2 of Section 16, Township 19 South, Range 34 East, NMPM, Lea County, New Mexico; (2) pooling all mineral interests in the Bone Spring formation underlying this proposed non-standard spacing and proration unit; and (3) approving a non-standard location. This proposed non-standard spacing and proration unit will be the project area for the Cimarron State 16-19S-34E RN #133H well, to be horizontally drilled.

Matador mailed notices and copies of the application via certified mail, return receipt requested, to Amtex and the other working interest owners and offset parties on August 3, 2015. *See* Exhibit 5, presented at the September 3, 2015 Hearing, attached as **Exhibit B**. Those notices informed parties that the case was scheduled to be heard at the Division's September 3, 2015 hearing. Matador is unaware of any title information showing that Mr. Savage (in his individual capacity) is entitled to notice of the above-captioned case. Mr. Savage, instead, is the President of Amtex, and Amtex received notices of the application both as a working interest owner and as an offset party on August 12, 2015. *See* Exhibit B (including return receipts which show that notices were sent to Amtex at the address posted on the NMOCD's website).¹ In addition, Matador published notice of Case 15366 in the Hobbs News-Sun on August 20, 2015. *See* Exhibit B. Case 15366 was heard by the Division on September 3, 2015.

¹ *See* <http://www.emnrd.state.nm.us/OCD/documents/OperatorsQuarterlyAug2015.pdf>.

Neither Amtex nor Mr. Savage appeared at the hearing or presented any information on the record. Instead, Amtex and Mr. Savage belatedly waited several weeks after the September 3rd hearing to file an Entry of Appearance.

ARGUMENT

Matador has been working with the working interest owners and offset parties for the development of its Cimarron State 16-19S-34E RN #133H well since March of 2015. Despite these efforts, and repeated attempts to communicate with Amtex, neither Amtex nor Mr. Savage bothered to appear for the hearing in this case. Two weeks after the hearing they filed an entry of appearance. The record shows that Amtex was notified of the hearing and should not be allowed to belatedly enter an appearance after Division's hearing. Under the Division's rules, a party who has not entered an appearance at least one business day prior to the pre-hearing statement filing date "shall not be allowed to present technical evidence at the hearing unless the commission chairman or the division examiner, for good cause, otherwise directs." 19.15.4.10(C) NMAC.

Clearly the intent of Rule 19.15.4.10(C) NMAC would be thwarted if someone who received notice of the hearing fails to appear, but then shows up later and attempts to appeal the Division's order. Amtex's and Mr. Savage's Entry of Appearance should therefore be quashed and they should not be permitted to delay Matador's application and the drilling of the Cimarron State 16-19S-34E RN #133H well by requesting a hearing with the Oil Conservation Commission. Based on the lack of opposition at the September 3rd hearing, Matador had begun to schedule equipment to commence drilling the well and will incur substantial costs if the drilling of the well is delayed by Amtex and Mr. Savage's improper attempt to appear after the hearing was held by the Division.

In similar circumstances, the New Mexico courts have found that parties who fail to participate in hearings have waived their objections to the case and cannot participate in later re-hearings or appeals. *See, e.g., Rueckhaus v. Catron* (In re Will of Greig), 1979-NMSC-014, ¶ 3, 92 N.M. 561, 562 (“Didama did not enter an appearance or become a party below. Didama joined in this appeal without complying with any of the rules of appellate procedure. We hold that Didama is not a proper party to this appeal.”); *Losey v. Norwest Bank, N.A.* (In re Norwest Bank of N. M., N.A.), 2003-NMCA-128, 134 N.M. 516, 522 (applying a similar analysis and finding that “[t]o preserve a question for review it must appear that a ruling or decision by the district court was fairly invoked” The principal purpose of the rule is to alert the trial court to a claimed error and to give the trial court an opportunity to correct the error. If a decision by the trial court was not properly invoked, this Court will not consider the matter on appeal.”) (internal citations omitted); *see also MCGEE v. Boren*, 58 Fed. Appx. 436, 438 (10th Cir. 2003) (holding that the failure to attend a hearing waived any claims a party might raise about the hearing's inadequacy.); *Hoye v. Sullivan*, 985 F.2d 990, 991 (9th Cir. 1992) (per curiam) (same).

This same logic applies here. Mr. Savage and Amtex received multiple communications concerning Matador's well proposal and the filing of Case 15366 seeking compulsory pooling. Despite these efforts, they failed to present any objections to the NMOCD at the September 3rd hearing, or to request a continuance. Under these circumstances, Amtex should not be permitted to delay development of the well by waiting until after the Division's hearing on this issue to either try presenting its objections or appeal from the Division's order.

Furthermore, Mr. Savage is not a proper party to this case under Rule 19.15.4.10 NMAC, because he is not entitled to notice of Matador's application in his individual capacity. *See* 19.15.4.12(1)(a), (2), (3) NMAC. As a result, Mr. Savage is not entitled to enter an appearance

because Rule 19.15.4.10(B) states that only parties entitled to notice may enter an appearance.

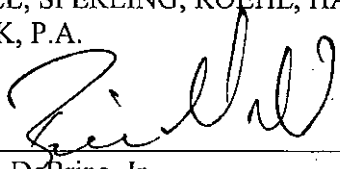

The entry of appearance for Mr. Savage should, therefore, be stricken from the record.

CONCLUSION

For the foregoing reasons, Matador Production Company respectfully requests that the Division quash or strike the Entry of Appearance filed on September 25, 2015 by Amtex Energy, Inc. and William Savage.

Respectfully submitted,

Re: Matador Production Company – Cimarron State 16-19S-34E RN #133H
Participation Proposal.
Section 16, Township 19-South, Range 34-East
Lea County, New Mexico

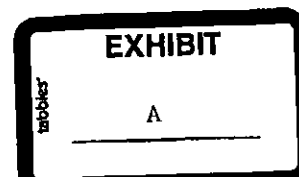

Amtex Energy, Inc.:

MRC Permian Company ("MRC") proposes the drilling of the Matador Production Company's Cimarron State 16-19S-34E RN #133H Well, located in Section 16, Township 19-South, Range 34-East, Lea County, New Mexico, to the Bone Spring formation.

MRC is requesting that you indicate below your election of whether to participate in the drilling and completion of this proposed well as set out herein. Please indicate your election in the space provided below, sign and return one (1) copy of this letter to the undersigned.

In connection with the above, please note the following:

1. The estimated cost of drilling, testing, completing, and equipping the subject well is \$6,800,827 as itemized on the enclosed Authority for Expenditure ("AFE") dated March 5, 2015.
2. The proposed surface location of the subject well is approximately 250' FNL and 1015' FEL of Section 16, Township 19-South, Range 34-East, Lea County, New Mexico. The proposed bottomhole location of the subject well is 240' FSL and 1506' FEL; see the enclosed plat for more detail.
3. In this well, there is a targeted interval within the Bone Spring formation. We will drill horizontally in the Third Bone Spring (~10,700' TVD) to a Total Measured Depth of

approximately 15,000' resulting in a productive lateral of approximately 4,300' that will require 11 frac stages to be completed.

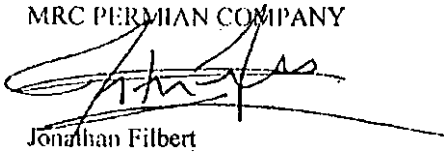

4. Amtex Energy, Inc. will own an approximate 50% working interest in the proposed well, subject to title verification.

If your election is to participate in the drilling and completion of the proposed well, please sign and return a copy of the enclosed AFE within 30 days of receipt of this notice. Please be aware that the enclosed AFE is only an estimate of costs to be incurred and in electing to participate in the proposed well, Amtex Energy, Inc. shall be responsible for 50% of all costs incurred.

If you have any questions feel free to email or call me at the address above or email.

Sincerely,

MRC PERMIAN COMPANY

Jonathan Filbert

LEGAL NOTICE

August 20, 2015

CASE No. 16366: Notice to all affected parties as well as the heirs and devisees of Mark A. Strickland and Walter O. Ollivier, Jr. Company, Application of Matador Production Company for a non-standard spacing and production unit and compulsory pooling. Lea County, New Mexico. The State Oil and Natural Gas Division hereby gives notice that the Division will conduct a public hearing at 9:15 a.m. on September 3, 2015, to consider this application. Applicant seeks an order from the Division: (1) creating a non-standard 160-acre, more or less, oil spacing and production unit in the Bone Spring formation comprised of the W/2, E/2 of Sections 18 & Township 19 South, Range 34 East, NMPM, Lea County, New Mexico; (2) appraising all mineral interests in the Bone Spring formation underlying this proposed non-standard spacing and production unit; and (3) approving a non-standard location. This proposed non-standard spacing and production unit will be the project area for the Cimarron State 16366-34E/RN#133H well to be horizontally drilled. The producing area for this well will be unorthodox, located less than 330 feet from the project area boundary. Also to be considered will be the cost of drilling and completing said well, the allocation of these costs as well as the actual operating costs and charges for supervision, designation of Matador Production Company as operator of the well, and a 200% charge for risk involved in drilling said well. Said area is located approximately 25 miles east of Hobbs, New Mexico. #30270
