Re: NMOCD Case No. 15072; Application of Energen Resources Corporation to Amend Compulsory Pooling Order No. R-10154, San Juan County, New Mexico

Dear Mr. Ezeanyim:

At the hearing on the referenced Application yesterday, the current producing well administrative overhead rate for the Flora Vista "19" Well No. 3 was inaccurately identified as being \$940.46 per month. The correct rate as of March 31, 2014 is \$940.97 and we respectfully request that the Division's approve this overhead rate subject to periodic adjustment in accordance with any subsequently published COPAS Bulletin adjustments.

It is hoped this letter will suffice to allow the Division to note this correction. If further substantiating material is needed by way of affidavit or otherwise, please let me know.

Thank you.

Very truly yours,

J. Scott Hall
