

DOCKET: SPECIAL EXAMINER HEARING – TUESDAY- MAY 10, 2016

9:00 A.M. - 1220 South St. Francis
Santa Fe, New Mexico

OCD Rule Subsection B of 19.15.4.13 NMAC requires parties who intend to present evidence at an adjudicatory hearing to file a pre-hearing statement no later than the Thursday before the hearing, and serve a copy on opposing counsel of record. If the OCD does not receive a pre-hearing statement from the applicant by the close of business on the Thursday before the hearing, the hearing may be continued. A party who plans on using projection equipment at a hearing must contact Florene Davidson seven (7) business days prior to the hearing requesting the use of the projection equipment. Wireless internet is available; however, the party must provide its own laptop computer. The following case will be heard by an Examiner.

Case No. 15487: The Oil Conservation Division seeks an order establishing minimum casing and cementing requirements that will adequately protect fresh water aquifers in the Designated Area in Chaves and Eddy Counties, New Mexico, as described in Exhibit "A" hereto, and amending or adopting special pool rules for each of the Subject Pools, as listed on Exhibit "B" hereto, requiring compliance with at least the minimum requirements so established, as a prerequisite for approval of all Applications for Permit to Drill (APDs) for new wells to be located within the Designated Area. The pools, or common sources of supply that may be affected by the granting of the application in this case are listed in Exhibit "B" attached hereto.
