

Devon requests that special rules and regulations be established for horizontal wells in each Pool, providing for:

- (a) a standard oil spacing and proration unit of 320 acres;
- (b) wells to be located no closer than 330 feet to the exterior boundary of a standard well unit, with interior setbacks of 10 feet from a quarter-quarter section line;
- (c) a special depth bracket allowable of 6,400 barrels of oil per day for a standard 320 acre well unit;
- (d) a GOR of 5,000 cubic feet of gas per barrel of oil; and
- (e) all other rules to be in conformance with statewide rules.
