Attn: Mr. William N. Phillips

Re: North Wilson Deep Unit
Rejection of 2016 Plan of Development
Lea County, New Mexico

Dear Mr. Phillips:

We received your letter of March 28, 2016 together with your 2016 plan of development for the North Wilson Deep Unit agreement, Lea County, New Mexico. Your plan as proposed, is to study the Bone Spring horizontal play.

Please be advised that your 2016 plan of development for the North Wilson Deep Unit as submitted is unacceptable. Production from this unit is minimal. We are again requesting that Chevron USA Inc. submit an acceptable plan of development for 2016 that provides for the further development of the Bone Spring and Wolfcamp formations for this unit area.

If you have any questions, or if we may be of further help, please contact Patrick Padilla at (505) 827-4489.

Respectfully,

A handwritten signature in black ink, appearing to read "Aubrey Dunn", is written over the typed name and title.
