Aaron,

In order to make an educated decision as to how to handle the situation regarding the wells on our acreage in the W/2 of Section 20-26S-28E, we respectfully request that COG provide the following in regard to the 16H, 43H and 44H wells:

- An update for production volumes and sales on the attached spreadsheet;
- Actual sales volumes and actual oil and gas prices for June;
- An updated download of COG's LOE.

If you have any questions or comments, please do not hesitate to contact my office.

Thank you,
