

**STATE OF NEW MEXICO  
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES  
OIL CONSERVATION DIVISION**

**APPLICATION OF MATADOR PRODUCTION  
COMPANY FOR COMPULSORY POOLING,  
EDDY COUNTY, NEW MEXICO**

CASE NO 15746

**APPLICATION**

Matador Production Company, ("Matador") (OGRID No 228937), through its undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of N M Stat Ann § 70 2-17, for an order pooling all uncommitted interests in the Wolfcamp formation underlying the 320-acre, more or less, spacing and proration unit comprised of the W/2 of Section 21 Township 20 South, Range 29 East, NMPM Eddy County New Mexico In support of its application, Matador states

1 Matador Production Company's affiliate entity, MRC Delaware Resources LLC, is a working interest owner in the W/2 of Section 21 and has the right to drill thereon

2 Matador proposes to dedicate the above-referenced spacing and proration unit as the project area for its proposed **Cueva De Oro Fed No 201H Well** which will be horizontally drilled from a surface location in the NW/4 NW/4 (Unit D) to a non-standard bottom hole location in the SW/4 SW/4 (Unit M) of Section 21

3 This project area is located within the Burton Flat Wolfcamp, East (Gas) Pool (Pool Code 73480) The completed interval for this well is unorthodox pursuant to the Division Statewide Rules for gas wells Matador will submit an administrative application for approval of the unorthodox location

4 Matador has sought and been unable to obtain voluntary agreement for the development of these lands from all of the mineral interest owners in the subject spacing unit

5 The pooling of interests will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights

6 In order to permit Matador to obtain its just and fair share of the oil and gas underlying the subject lands all uncommitted mineral interests in this standard spacing unit should be pooled and Matador Production Company should be designated the operator of this proposed horizontal well and spacing unit

WHEREFORE, Matador requests that this application be set for hearing before an Examiner of the Oil Conservation Division on July 6 2017, and after notice and hearing as required by law, the Division enter an order

- A Pooling all uncommitted mineral interests underlying the 320-acre more or less, standard spacing and proration unit in the Wolfcamp formation comprised of the W/2 of Section 21, Township 20 South, Range 29 East NMPM Eddy County, New Mexico,
- B Designating Matador Production Company operator of this spacing unit and the horizontal well to be drilled thereon,
- C Authorizing Matador Production Company to recover its costs of drilling completing, and equipping the well
- D Approving the actual operating charges and costs of supervision while drilling and after completion together with a provision adjusting the rates pursuant to the COPAS accounting procedures and

- E Imposing a 200% penalty for the risk assumed by Matador in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well

Respectfully submitted
